That was in the 170s, when the idea of ever owning a boat as glamorous as the Fletcher II or its counterparts from makers such as Broom and Glastron I seemed impossible. But fast-forward a ...

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

A new, comprehensive guide to motoring and transport museums offering a fresh conversation on their role and the portrayal of our motoring history. Written by a long-established motoring writer with wide experience of driving and the felling of old cars all over the world. This new motor museum companion includes: British motoring and transport museums guide via descriptions and photographs. 90 British museums described. Comprehensive world motor museum listing: over 350 global museums cited. Out-takes from visits to selected overseas museums. Provides a glossary of old-car/motorcycle terms and types to assist the museum visitor and old car enthusiast. Discusses the museum culture and its new age. Visits to many museums by the author were self-funded: he paid his own way.
