“ A deeply spiritual, deeply moving book ” about life on the Great Plains, by the New York Times–bestselling author of *The Cloister Walk* (The New York Times Book Review). “ With humor and lyrical grace, ” Kathleen Norris meditates on a place in the American landscape that is at once desolate and sublime, harsh and forgiving, steeped in history and myth (San Francisco Chronicle). A combination of reporting and reflection, *Dakota* reminds us that wherever we go, we chart our own spiritual geography.

*Amazing Grace* tells the story of the remarkable life of the British abolitionist William Wilberforce (1759-1833). This accessible biography chronicles Wilberforce's extraordinary role as a human rights activist, cultural reformer, and member of Parliament. At the center of this heroic life was a passionate twenty-year fight to abolish the British slave trade, a battle Wilberforce won in 1807, as well as efforts to abolish slavery itself in the British colonies, a victory achieved just three days before his death in 1833. Metaxas discovers in this unsung hero a man of whom it can truly be said: he changed the world. Before Wilberforce, few thought slavery was wrong. After Wilberforce, most societies in the world came to see it as a great moral wrong. To mark the 200th anniversary of the abolition of the British slave trade, HarperSanFrancisco and Bristol Bay Productions have joined together to commemorate the life of William Wilberforce with the feature-length film *Amazing Grace* and this companion biography, which provides a fuller account of the amazing life of this great man than can be captured on film. This account of Wilberforce's life will help many become acquainted with an exceptional man who was a hero to Abraham Lincoln and an inspiration to the anti-slavery movement in America.

Shy and sheltered as a young woman, Kathleen Norris wasn't prepared for the sex, drugs, and bohemianism of Bennington College in the late 1960s—and when she moved to New York City after graduation, it was a case of out of the frying pan and into the fire. In this chronicle, Norris remembers the education she received, both formal and fortuitous; the influence of her mentor Betty Kray, who shunned the spotlight while serving as a guiding force in the poetry world of the late 20th century; her encounters with such figures as James Merrill, Jim Carroll, Denise Levertov, Stanley Kunitz, Patti Smith, and Erica Jong; and her eventual decision to leave Manhattan for the less-crowded landscape she described so memorably in *Dakota*. This account of the making of a young writer will resonate with anyone who
