A faithful little dog must survive on his own in the wild in this evocative tale of loss and reunion from acclaimed poet Marilyn Nelson and the inimitable Timothy Basil Ering. (Ages 4-7) Abba Jacob is a monk who lives on a far, far away island with his loyal rat terrier, Snook. Every day, from the wee hours of dawn till the sun sets over the sea, Snook keeps Abba Jacob company as he prays or works, tending the gardens or fixing the plumbing of the little hermitage he calls home. But when the two are separated by a ferocious storm, Snook must learn to fend for himself in the wild, all alone in a world of fierceness and wonder. Will he ever again hear the loving voice that he waits for? Simply and lyrically

Andreas Vesalius, landmark 16th-century anatomist and secret grave-robber; the flamboyant Galileo, accused of heresy for his ideas; the obsessive, competitive Newton, who wrote his rivals out of the history books; Gregor Mendel, the Moravian monk who founded modern genetics; and Louis Agassiz, so determined to prove the existence of ice ages that he marched his colleagues up a mountain to show them the evidence.

As in previous editions, the focus in PREALGEBRA & INTRODUCTORY ALGEBRA, remains on the Aufmann Interactive Method (AIM). Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems. The role of

active participant is crucial to success.

Presenting students with worked examples, and then providing them with the opportunity to immediately work similar problems, helps them build their confidence and eventually master the concepts. To this point, simplicity plays a key factor in the organization of this edition, as in all other editions. All lessons, exercise sets, tests, and supplements are organized around a carefully-constructed hierarchy of objectives. This objective-based approach not only serves the needs of students, in terms of helping them to clearly organize their thoughts around the content, but instructors as well, as they work to design syllabi, lesson plans, and other administrative documents. The Second Edition features a new design, enhancing the Aufmann
