An APA in-text citation includes only three items: the last name (s)
of the author (s), the year the source was published, and sometimes
the page or location of the information. References include more
information such as the name of the author (s), the year the source
was published, the full title of the source, and the URL or page

range.

APA Style
There are 4 important components of any citation: author, year, title, and source (site name/URL). To cite websites, the most important components are the author (whether an individual or institution), the date, the title of the page, and the url for the site. Webpage on a website with a group author World Health Organization. (2018, March).

Citing Sources: In-Text Citation & Reference List - APA ...
The strength of narrative citations is that it flows better for a
reader. A narrative citations weaves in the author's name (s) into
the text, and then adds in the year in parentheses. The page number
will bookend the quote at the end. You will often want to use a
signal phrase to introduce a narrative citation.
