~~B6ZE Miata - Replica Motorsport - Engine Models for Car ...~~

In case you're still having doubts about the B6ZE's significance (or struggling to remember what engine it is exactly), let us put it this way - without it, one of your favorite sports cars of all time wouldn't have existed. The B6ZE(RS) was developed specifically for the first-generation Mazda Miata - and that's why we just love it so much.

~~Here Are The Best Four Cylinder Engines Ever Built | HotCars~~

The engine employs an electronic fuel injection system using a vane-type air flow meter and an electronic ignition system with a camshaft angle sensor instead of a distributor. This engine, codenamed B6ZE(RS), was specifically designed for the MX-5 and featured a lightened crankshaft, flywheel, and aluminum sump with cooling fins.
