From Jake Shears – world famous singer, songwriter, actor and LGBTQ+ icon – comes this wide-eyed and determined coming-of-age story; an unforgettable literary account of a man overcoming the odds and finding his true voice. Long before hitting the stage as the lead singer of the iconic glam rock band Scissor Sisters, Jake Shears was Jason Sellards, a teenage boy living a fraught life, resulting in a confusing and confining time in high school as his classmates bullied him and few teachers showed sympathy. It wasn ’ t until years later, while living and studying in New York City, that Jason would find his voice as an artist and, with a group of friends and musicians who were also thirsting for stardom and freedom, form the band Scissor Sisters. First performing in the smoky gay nightclubs of New York, then finding massive success in the United Kingdom, Scissor Sisters would become revered by the LGBTQ+ community, sell out venues worldwide, and win multiple accolades with hits like Take Your Mama and I Don ’ t Feel Like Dancin ’ , as well as their cult-favourite cover of Pink Floyd ’ s Comfortably Numb. Candid and courageous, Shears ’ writing sings with the same powerful, spirited presence that he brings to his live performances. Following a misfit boy ’ s development into a dazzling rock star, Boys Keep Swinging is a raucously entertaining memoir that will be an inspiration to anyone with determination and a dream. ‘ This is a beautiful, fascinating memoir by a beautiful guy who has lived a fascinating life – and he has the insights and receipts to prove it. Wonderful! ’ - Dan Savage

The 1960s saw the nexus of the revolution in popular music by a post-war generation amid demographic upheavals and seismic shifts in technology. Over the past two decades, musicians associated with this period have produced a large amount of important autobiographical writing. This book situates these works -- in the forms of formal autobiographies and memoirs, auto-fiction, songs, and self-fashioned museum exhibitions -- within the context of the recent expansion of interest in autobiography, disability, and celebrity studies. It argues that these writings express anxiety over musical

originality and authenticity, and seeks to dispel their writers' celebrity status and particularly the association with a lack of seriousness. These works often constitute a meditation on the nature of postmodern fame within a celebrity-obsessed culture, and paradoxically they aim to regain the private self in a public forum.

The story of how the son of a coal laborer of limited means fueled his journey to becoming a successful business man and politician through self-drive and a desire for change and the betterment of his country. Joseph L. Bruno is a small town American success story. As the son of immigrants, he worked his way out of Depression-era Glens Falls, NY, served in the United States Army in Korea, and as the leader of the Senate Republicans in New York, became one of the three most powerful men in the state. During his fourteen years in the Senate, he forged coalitions, achieved compromises, and brought together feuding legislative factions for the common good. Senator Bruno represents a rare form of politician, one who knows that when the race is over, you have to shake hands with your opponent and govern, in order to provide a better quality of life for the people you represent. Within these pages you will meet household names like Rudy Giuliani, Russell Simmons, Hillary Clinton, Al D'Amato, Donald Trump and Eliot Spitzer—and see them as you never have before—in the hallways where decisions are made and in behind the scenes conversations amongst friends and opponents. In this brand new autobiography, Senator Bruno reminds us all that you never know what life has to offer next. In the face of adversity all you need to do is Keep Swinging. Features color and black and white photo insert.

Sid 'One-Punch' Luft, amateur-boxer, producer and Judy Garland's third husband was the one man in her life who stuck around, helping her achieve a meteoric comeback in the 1960s. It was Luft who reversed the fortunes of an apparently faded career, seeing her triumph at Carnegie Hall, in 'A Star Is Born' and 'The Judy Garland Show'. Previously unpublished, Sid Luft's intimate autobiography tells their story in hard-boiled yet elegant prose. It begins on a fateful night in New York City when the not-quite-divorced Judy and the not-quite-divorced Sid meet at Billy Reed's Little Club. A straight-talking sharp shooter, Sid fell for Judy hard and fast and the romance persisted through separations, reconciliations, and later divorce. However, her drug dependencies and suicidal tendencies put a tremendous strain on the relationship. Sid did not complete his memoir; it ended in 1960 after Judy hired David Begelman and Freddie Fields to manage her career. But Randy L. Schmidt, acclaimed editor of Judy Garland on Judy Garland, seamlessly pieced together the final section of the book from extensive interviews with Sid, most previously unpublished. Despite everything, Sid never stopped loving Judy and never forgave himself for not being able to save her from the demons that ultimately drove her to an early death at age forty-seven in 1969. Sid served as chief conservator of the Garland legacy until his death at the age of eighty-nine in 2005. This is his testament to the love of his life. 'In prose so brassy that it bruises the sensibilities, Luft... illuminates the dark side of life in the spotlight and dispels any sentimental illusions about the glories of show business in Hollywood's classic age.' - *The New Yorker*

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

"A glittering, bittersweet vision of an outsider who turned himself into the life and soul of the party. Kilmer-Purcell's cast is part freak-show, part soap-opera, but his prose is graced with such insight and wit that the laughter is revelatory, and the tears—and there are tears to be shed along this extraordinary journey—are shed for people in whom everybody will find something of themselves. In a word, wonderful." — Clive Barker "Absolutely hilarious and heartbreaking and heartfelt." — Armistead Maupin, author of *Tales of the City* The New York Times bestselling, darkly funny memoir of a young New Yorker's daring dual life—advertising art director by day, glitter-dripping drag queen and nightclub beauty-pageant hopeful by night—was a smash literary debut for Josh Kilmer-Purcell, now known for his popular Planet Green television series *The Fabulous Beekman Boys*. His story begins here—before the homemade goat milk soaps and hand-gathered honeys, before his memoir of the city mouse's move to the country, *The Bucolic Plague*—in *I Am Not Myself These Days*, with "plenty of dishy anecdotes and moments of tragi-camp delight" (*Washington Post*).

The serene, delicate songs on *Another Green World* sound practically meditative, but the album itself was an experiment fueled by adrenaline, panic, and pure faith. It was the first Brian Eno album to be composed almost completely in the confines of a recording studio, over a scant few months in the summer of 1975. The album was a proof of concept for Eno's budding ideas of "the studio as musical instrument," and a signpost for a bold new way of thinking about music. In this book, Geeta Dayal unravels *Another Green World*'s abundant mysteries, venturing into its dense thickets of sound. How was an album this cohesive and refined formed in such a seemingly ad hoc way? How were electronics and layers of synthetic treatments used to create an album so redolent of the natural world? How

did a deck of cards figure into all of this? Here, through interviews and archival research, she unearths the strange story of how Another Green World formed the link to Eno's future -- foreshadowing his metamorphosis from unlikely glam rocker to sonic painter and producer.
