Burn Bright is the 2nd book in Bethany Frenette's Dark Star Series. I haven't read the first book yet but it's not a reason not to enjoy this series. If you like YA fantasy then this book is for you. As a new YA reader myself, I pretty much enjoyed every page in this book. It has action, drama, romance, and of course, some teen angst.

Here's everything we know about Brightburn 2 so far. Produced by James Gunn and directed by David Yarovesky (The Hive), Brightburn is an unofficial Superman re-imagining that asks the question: what if the Man of Steel had gone down a dark and violent path when he was a child? The movie follows the same beats as the classic Superman origin story at first, showing an alien boy named Brandon (Jackson A. Dunn) growing up in small-town Kansas and discovering he has super-abilities.

A brown dwarf is a type of substellar object that has a mass between the most massive gas giant planets and the least massive stars, approximately 13 to 80 times that of Jupiter (M_J). Unlike main sequence stars, brown dwarfs do not acquire enough mass to trigger sustained nuclear fusion of ordinary hydrogen (1 H) into helium in their cores. For this reason brown dwarfs are sometimes referred ...
