3D Design Software - Fully Integrated BIM | Vectorworks
Few companies in the computer-aided design industry can be hailed as reliable go-to sources of both drafting and BIM software packages. One of such companies is Vectorworks Inc. Currently, a subsidiary of European software giants, the Nemetschek group, Vectorworks Inc. began in 1985 as Diehl Graphisoft, a CAD company with a single product, MiniCAD, for a single operating system, Macintosh ...

Though Vectorworks may not be able to match AutoCAD in terms of immediate name recognition, its history is almost as long. Just three years after the launch of AutoCAD came the arrival of Graphsoft, the company which would go on to become Vectorworks. While AutoCAD focused on IBM PCs, Graphsoft initially released their software for Apple Macintosh.

CAD vs BIM. Is Vectorworks a CAD program or a BIM program? As I noted earlier, I don't think there is such a thing as a BIM program. So, I describe Vectorworks as is an advanced object-oriented CAD environment. It does everything that standard 2D/3D CAD programs do, but then adds enhancements and data collection tools that make implementing a ...

I'm new to VW community. Im coming from AutoCAD world, have been using it for 11 years and it grew up to me. Nevertheless, I moved to Germany started working in one nice firm that uses VW 2015---IN GEMAN. So now, its not that I have to get accustomed to VW workflow but i have to do it in German. Im trying not to get frustrated but its not easy.

German - Vectorworks Community Board
Nemetschek Vectorworks has released a version of their Vectorworks 2015 CAD software in German, French, Dutch, Italian, Portuguese and Norwegian.

Vectorworks Releases European Language Versions of ...
A lot of people use VectorWorks that way (especially people that started out in AutoCad), but with VectorWorks there's another option. Using it the way I do, VectorWorks feels like drawing with a pencil, only with extreme accuracy and unlimited erasing, re-drawing, and cut-and-paste. Like the pencil, it offers such basic drafting concepts as ...

Autocad vs. Vectorworks - General Discussion - Vectorworks ...
We recently bolstered our growing library of Partner Product solutions, so that you can experience conceptual 3D models in a new way. Using Inglobe Technologies' AR-media™ plug-in for Vectorworks software, designers, architects, and engineers can take advantage of augmented reality technology to virtually present and interact with georeferenced models on both iOS and Android devices.
