~~CODEX: GREY KNIGHTS – Warhammer Community~~

Grey Knight Brother-Captains can command larger groups the way a captain in a typical Codex Chapter would (this happened at the First Battle of Armageddon, for example), but the Knights only assemble in such numbers in response to the direst of threats, so most of the time they're left to run just a squad, albeit an elite one. In the modern version, the Captains are all lieutenants of the Grand-Masters, which does not make much sense; in the Daemon Hunters codex, Brother-Captain was a title ...

Codex: Grey Knights is an expansion Codex for the 8th Edition of Warhammer 40,000. Cover Description. Chanting rites of banishment, the elite brotherhoods of the Grey Knights stride fearlessly into battle against the worst horrors of the galaxy. They wear blessed silver battle-plate and wield potent weapons of purgation, each a master-wrought relic whose worth can be measured in worlds.

Grey Knights can use the secondary objectives found in the new SM codex The way litanies work (I believe they are activated at the start of your command phase, rather than start of battle round now) Those are the ones that stand out to me, but there could be a few more.

For most of 8th Edition, Grey Knights were a bit of a joke. They suffered from having an extremely early codex from well before GW had figured out how to write elite armies, and although they got several rounds of point improvements they remained one of the weakest armies in the game, only played by the most dedicated.

Instead of generating psychic powers from the Sanctic discipline (see Codex: Grey Knights), a GREY KNIGHTS CHARACTER model can generate an equivalent number of psychic powers from the Dominus discipline (they cannot generate psychic powers from more than one psychic discipline).

The Grey Knights are the legendary Chapter 666 - and although nominally a Chapter of the Astartes, they are in the Chamber Militant of the Inquisition. Each member of the chapter undergoes a gruelling and torturous selection process, and even once inducted, their harsh training regime is without equal.

This has proven to be one of the most powerful stratagems in the Space Marine codex, and Grey Knight players love to see it. It ' s obviously most useful dropped onto a big Paladin squad, but can be good dropped onto any Infantry unit in a pinch (or a CHARACTER that ' s accidentally tangled with a knight), and is generally just fantastic here. A

~~Start Competing: Grey Knights Tactics — Goonhammer~~

The Grey Knights are the most mysterious of all the Imperium's many organisations. Few outside the upper echelons of the Inquisition hold any knowledge of the Chapter's founding, and even these most trusted of men are denied the full truth. For ten thousand years the Grey Knights have stood between the Imperium and the Daemons of the Warp.
