FOX FILES combines in-depth news reporting from a variety of Fox News on-air talent. The program will feature the breadth, power and journalism of rotating Fox News anchors, reporters and producers.

A variety of silver bead projects utilizing metal clay.

In this unique volume, teacher and designer Tim McCreight has collected sixty words that show up frequently when we discuss the artifacts in our world. Gorgeous objects and images are shown along with commentary on the concepts of design. The premise of the book, made plain in worlds and pictures, is that design is not something reserved for art students, but a part of the experience of being human.

Since its initial appearance in 1961, Theorie und Praxis des Goldschmieds has become a standard for training goldsmiths and professional workshop practice, and is here translated from the 1994 edition. It discusses materials, basic techniques and tools, and such specific techniques as joining and pl

The definitive reference for jewelry makers of all levels of ability--a complete, profusely illustrated guide to design, materials, and techniques, as well as a fascinating exploration of jewelry-making throughout history.

Wax carving is like sculpture for jewellery and allows enormous creativity, as so many different forms can be made. This practical guide introduces the techniques to this age-old method through a series of guided exercises and projects, and demonstrates how exciting it can be. Drawing on the experience of two master wax-carvers, it also gives invaluable advice on the finish of your cast pieces and how to reproduce them. With over 400 colour photos, it give advice on setting up for wax carving, tools, tool-making and materials. There are exercises that introduce the beginner to using wax and then build ideas and confidence to try more complex designs. Included are advanced techniques that show how to use stones in a carving and how to add texture and surface detail. Finally, finished examples demonstrate the potential, excitement and versatility of the method.

Polishing and finishing is a highly skilled specialist craft; a professional finish will transform a piece of jewellery or silver into a work of art. Written by a leading polisher, this practical book explains the traditional techniques and shares the secrets of this often-underrated craft. The book includes advice on setting up a workshop, tools and compounds; a guide to finishing methods (including satin finish and oxidising); step-by-step examples of polishing bangles, rings and cutlery, as well as finished photographs showcasing a range of exquisite work; tips on best practice for designers, and specific advice for polishing different surfaces and gems. It is an invaluable guide to the process of polishing and finishing - a highly skilled specialist craft- beautifully illustrated with 162 colour photographs showcasing a range of exquisite work.

By what code do objects connect with us, embrace us, refute us, and in the end, inform us? From this question, the author reaches into her personal life to search for those universal moments where the teacups and trinkets of our lives linger.

This comprehensive and ambitious workshop reference book for jewelers brings together a vast range of skills, techniques and technical data in one volume, providing an essential one-stop look-it-up resource for both students and professionals. The focus is on detailed explanation with clear step-bystep photography used extensively which means that while this book contains the expert techniques aimed squarely at professional jewelers, it is also accessible to students of any level seeking an authoritative and comprehensive bible of their craft.

Your expert techniques with a silver lining! A comprehensive guide, Silversmithing for Jewelry Makers details techniques, surface treatments, and innovations specifically designed for all jewelry makers working in silver, and especially focuses on the needs and interests relevant to metal-jewelry artisans. Explore basic skills as well as specialist techniques, including filigree, chasing, annealing, engraving, etching, casting, and much more. Plus, profiles of contemporary practitioners are included in every section, along with galleries illustrating a range of beautifully crafted finished works. The handy resource section also features a how-to for selling jewelry in the contemporary accessories market. Experienced jewelry makers interested in either exploring silver for the first time or taking their silver jewelry to the next level will love this harmonious marriage between expert silversmithing advice and a jewelry artisan sensibility.
