In our case, Special Collections has developed three pillars that make up our digital program: digitization, born digital processing, and web archiving. In this way, we organize our program by type of digital asset. Each of these pillars raise ethical questions as we work to fairly preserve, describe, and provide access to digital materials ...

Digitization and Digital Archiving - State Library of Ohio

For purposes of the study, "digital
archiving" was defined as the long-term
storage, preservation and access to
information that is "born digital" (created
and disseminated primarily in electronic
form) or for which the digital version is
considered to be the primary archive.
