From time to time Georges Simenon has been either accused of collaboration or praised for his resistance during the German occupation of France in WWII. Dirty Snow suggests that a substantial middle ground, which might be called ‘exploitative participation’, exists and could just be closer to the truth.

Simenon penned Dirty Snow in 1948 during the early part of his 10-year self-exile in the US after fleeing post-War Europe. During this period he had already written over 20 Maigret books, but Dirty Snow represents a much darker tendency. Simenon's background, and his lifelong feeling that he was disliked by his mother, left him with the aim of developing, equally as a writer and as a man, a wholly undeluded view of life.

"One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories." –The Guardian In this brilliant new translation of Georges Simenon's classic novel, a young man descends into a brutal world of crime "And always the dirty snow, the heaps of snow that look rotten, with black patches and embedded garbage . . . unable to cover the filth." Nineteen-year-old Frank-thug, thief, son of a brothel owner-gets by surprisingly well despite living in a city under military occupation, but a warm house and a full stomach are not enough to make him feel truly alive in such a climate of deceit and betrayal. During a bleak, unending winter, he embarks on a string of violent and sordid crimes that set him on a path from which he can never return. Georges Simenon's matchless novel is a brutal, compelling portrayal of a world without pity; a devastating journey through a psychological no man's land.

Nineteen-year-old Frank Friedmaier lives in a country under occupation. Most people struggle to get by; Frank takes it easy in his mother's whorehouse, which caters to members of the occupying forces. But Frank is restless. He is a pimp, a thug, a petty thief, and, as Dirty Snow opens, he has just killed his first man. Through the unrelenting darkness and cold of an endless winter, Frank will pursue abjection until at last there is nowhere to go. Hans Koning has described Dirty Snow as “one of the very few novels to come out of German-occupied France that gets it exactly right.” In a study of the criminal mind that is comparable to Jim Thompson's The Killer Inside Me, Simenon maps a no man's land of the spirit in which human nature is driven to destruction—and redemption, perhaps, as well—by forces beyond its control.

Newly translated for this edition. A young Frenchman, Joseph Timar, travels to Gabon carrying a letter of introduction from an influential uncle. He wants work experience; he wants to see the world. But in the oppressive heat and glare of the equator, Timar doesn't know what to do with himself, and no one seems inclined to help except Adèle, the hotel owner's wife, who takes him to bed one day and rebuffs him the next, leaving him sick with desire. But then, in the course of a single night, Adèle's husband dies and a black servant is shot, and Timar is sure that Adèle is involved. He'll cover for the crime if she'll do what he wants. The fix is in. But Timar can't even begin to imagine how deep. In Tropic Moon, Simenon, the master of the psychological novel, offers an incomparable picture of degeneracy and corruption in a colonial outpost.

"One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories." –The Guardian In this Georges Simenon classic, a Dutch clerk flees to Paris with his crooked boss's money and meets the woman behind the man "A certain furtive, almost shameful emotion . . . disturbed him whenever he saw a train go by, a night train especially, its blinds drawn down on the mystery of its passengers." Kees Fopinga is a respectable Dutch citizen and family man—until the day he discovers his boss has bankrupted the shipping firm he works for, and something snaps. Kees used to watch the trains go by on their way to exciting destinations. Now, on some dark impulse, he boards one at random, and begins a new life of recklessness and violence. The Man Who Watched the Trains Go By is a chilling portrayal of a man who breaks from society and goes on the run asks who we are, and what we are capable of.

'I doubt whether it is possible for the crime novel to rise to greater heights than it does in Simenon's hands here' H.R.F. Keating

"One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories." –The Guardian The first-ever English publication of Georges Simenon's compelling novel about summer escape and elusive obsessions "The island itself. Its throbbing heat as if in a belljar under the sun, the scorpion in his son's bed, the deafening sound of cicadas." During his first holiday on the island of Porquerolles, Dr. Mahé caught a glimpse of something irresistible. As the memory continues to haunt him, he falls prey to a delusion that may offer an escape from his conventional existence—or may destroy him. Taut, insightful, and impossible to put down, this is the first English translation of The Mahé Circle, Simenon's dark, malevolent depiction of an ordinary man trapped in mundanity and consumed by obsession.

The Widow is the story of two outcasts and their fatal encounter. One is the widow herself, Tati. Still young, she's never had an easy time of it, but she's not the kind to complain. Tati lives with her father-in-law on the family farm, putting up with his sexual attentions, working her fingers to the bone, improving the property and knowing all the time that her late husband's sister is scheming to kick her out and take the house back. The other is a killer. Just out of prison and in search of a new life, Jean meets up with Tati, who hires him as a handyman and then takes him to bed. Things are looking up, at least until Jean falls hard for the girl next door. The Widow was published in the same year as Camus' The Stranger, and André Gide judged it the superior book. It is Georges Simenon's most powerful and disturbing exploration of the bond between death and desire.
