Outsider musicians can be the product of damaged DNA, alien abduction, drug fry, demonic possession, or simply sheer obliviousness. This book profiles dozens of outsider musicians, both prominent and obscure—figures such as The Shaggs, Syd Barrett, Tiny Tim, Jandek, Captain Beefheart, Daniel Johnston, Harry Partch, and The Legendary Stardust Cowboy—and presents their strange life stories along with photographs, interviews, cartoons, and discographies. About the only things these self-taught artists have in common are an utter lack of conventional tunefulness and an overabundance of earnestness and passion. But, believe it or not, they're worth listening to, often outmatching all contenders for inventiveness and originality. A CD featuring songs by artists profiled in the book is also available.

Paul McCartney and John Lennon described him as the Beatles' "favorite group," he won Grammy awards, wrote and recorded hit songs, and yet no figure in popular music is as much of a paradox, or as underrated, as Harry Nilsson. In this first ever full-length biography, Alyn Shipton traces Nilsson's life from his Brooklyn childhood to his Los Angeles adolescence and his gradual emergence as a uniquely talented singer-songwriter. With interviews from friends, family, and associates, and material drawn from an unfinished autobiography, Shipton probes beneath the enigma to discover the real Harry Nilsson. A major celebrity at a time when huge concerts and festivals were becoming the norm, Nilsson shunned live performance. His venue was the studio, his stage the dubbing booth, his greatest triumphs masterful examples of studio craft. He was a gifted composer of songs for a wide variety of performers, including the Ronettes, the Yardbirds, and the Monkees, yet Nilsson's own biggest hits were almost all written by other songwriters. He won two Grammy awards, in 1969 for "Everybody's Talkin'" (the theme song for Midnight Cowboy), and in 1972 for "Without You," had two top ten singles, numerous album successes, and wrote a number of songs--"Coconut" and "Jump into the Fire," to name just two--that still sound remarkably fresh and original today. He was once described by his producer Richard Perry as "the finest white male singer on the planet," but near the end of his life, Nilsson's career was marked by voice-damaging substance abuse and the infamous deaths of both Keith Moon and Mama Cass in his London flat. Drawing on exclusive access to Nilsson's papers, Alyn Shipton's biography offers readers an intimate portrait of a man who has seemed both famous and unknowable--until now.

Legendary musician Peter Hook tells the whole story - the fun, the music, the vast loss of money, the legacy - of Manchester's most iconic nightclub Peter Hook, as co-founder of Joy Division and New Order, has been shaping the course of popular music for thirty years. He provided the propulsive bass guitar melodies of 'Love Will Tear Us Apart' and the bestselling 12-inch single ever, 'Blue Monday' among many other songs. As co-owner of Manchester's Hacienda club, Hook propelled the rise of acid house in the late 1980s, then suffered through its violent fall in the 1990s as gangs, drugs, greed and a hostile police force destroyed everything he and his friends had created. This is his memory of that era and 'it's far sadder, funnier, scarier and stranger' than anyone has imagined. As young and naive musicians, the members of New Order were thrilled when their record label Factory opened a club. Yet as their career escalated, they toured the world and had top ten hits, their royalties were being ploughed into the Hacienda and they were only being paid £20 per week. Peter Hook looked back at that exciting and hilarious time to write HACIENDA. All the main characters appear - Tony Wilson, Barney, Shaun Ryder - and Hook tells it like it was - a rollercoaster of success, money, confusion and true faith.
