Ecology Without Nature Rethinking Environmental

In "Ecology without Nature", Timothy Morton argues that the chief stumbling block to environmental thinking is the image of nature that most writers on the topic promote: they propose a new worldview, but their very zeal to preserve the natural world leads them away from the "nature" they revere.

Ecology Without Nature: Rethinking Environmental ...

The problem is a symptom of the ecological catastrophe in which we are living. Morton sets out a seeming paradox: to have a properly ecological view, we must relinquish the idea of nature once and for all. Ecology without Nature investigates our ecological assumptions in a way that is provocative and deeply engaging. Ranging widely in eighteenth-century through contemporary philosophy, culture, and history,
