These short stories filled with “ narrative grace and rare craftsmanship ” chronicle the loss of innocence and the anguish of young love (San Francisco Chronicle). *First Love and Other Sorrows* is the hauntingly beautiful debut collection of short stories from American master Harold Brodkey. Written when the author was in his twenties, these strong, affecting tales recall the intoxicating joy of young, springtime love, while lamenting the betrayal of dreams and false ideals in the glaring light of reality. Set in the Midwest during the 1950s, *First Love and Other Sorrows* centers around a Jewish family that has recently lost its patriarch—and with him the world of privilege. Through the eyes of a son, a sister, and a mother—each one struggling to find a foothold in both family and society—these stories explore class prejudice, obsessive love, and the tragic foibles and emotional truths of being human. *First Love and Other Sorrows* is masterful fiction from an extraordinary literary artist.

The novel “ *First Love* ” was Turgénieff ’ s favourite work, as he more than once confessed. What the author prized in this purely intimate but beautifully finished story was its fidelity to actuality; that is to say, he prized the personal recollections of early youth. In that respect this story has a prominent interest for readers, since it narrates—according to the testimony of the author—an actual fact in his life, and that without the slightest artificial colouring.[1] To what degree Turgénieff ’ s testimony is credible, remarks one critic, is a question which can be rightly decided only by biographical documents. Famous writers are particularly inclined by nature to romantic coquetry with their own personalities—a characteristic which was, apparently, to some extent, inherent in Turgénieff, despite his renowned modesty. Famous writers are fond of leading their contemporaries—and still more posterity—astray with regard to the reflection of intimate details of {vi}their lives in their artistic works.... At any rate, Russian artistic productions, in which the authors have endeavoured to set forth biographical details, must be scrutinised with extreme cautiousness. The author, while imagining that he is thoroughly sincere, may involuntarily indulge in inventions concerning himself. But in its literary aspect this story indubitably is one of Turgénieff ’ s masterpieces, and in it the original character of its chief heroine, Princess Zinaída Zasyékin, is depicted with remarkable clearness and charm.... The artist threw off this light and elegant little intimate study by way of relaxation after “ *On the Eve*, ” a romance dealing with a broad social problem, and by way of preparation for a new work, still more serious in intention, “ *Fathers and Children*. ”

This is a dual-language book with the Russian text on the left side, and the English text on the right side of each spread. The texts are precisely synchronized. A great book for learning both languages while reading a Russian classic masterpiece.

Somerset Maugham Award winner: Dark early fiction by the author of *Nutshell*— “ a splendid magician of fear ” (Village Voice Literary Supplement). Taut, brooding, and densely atmospheric, the stories here show us how murder can arise out of boredom, perversity from adolescent curiosity—and how sheer evil can become the solution to unbearable loneliness. These short fiction pieces from the early career of the New York Times—bestselling and Man Booker Prize—winning author of *Atonement* and *On Chesil Beach* are claustrophobic tales of childhood, twisted psychology, and disjointed family life as terrifying as anything by Stephen King—and finely crafted with a lyricism and an intensity that compels us to confront our secret kinship with what repels us. “ A powerful talent that is both weird and wonderful. ” —The Boston Sunday Globe “ Ian McEwan ’ s fictional world combin[es] the bleak, dreamlike quality of de Chirico ’ s city-scapes with the strange eroticism of canvases by Balthus. Menace lies crouched between the lines of his neat, angular prose, and weird, grisly things occur in his books with nearly casual aplomb. ” —The New York Times

20 selections, all lovingly translated from the Yiddish, include among others "Progress in Kasrilevke," "Summer Romances," "Birth," "There's No Dead," "Three Widows," "Homesick," "On America," and "A Home Away from Home."

A teenage girl finds unexpected sexual freedom on a trip to Amsterdam. A woman trapped at a dinner party comes up against an ugly obsession. The stories in *Free Love* are about desire, memory, sexual ambiguity and the imagination. In the harsh light of dislocation, the people in them still find connections, words blowing in the street, love in unexpected places. Ali Smith shows how things come together and how they break apart. She disconcerts and affirms with the lightest touch, to make us love and live differently.

Love and Other Stories is the thirteenth and final volume of the *Tales of Chekhov*, by Russian author Anton Chekhov. This riverrun edition of Turgenev's most accomplished stories contains *A Nest of Gentlefolk*, *A Quiet Backwater*, *First Love*, and *A Lear of the Steppes* - the defining masterpieces of his career. Justly celebrated as a novelist, playwright, and poet, these stories encapsulate his skills: in the scope and span of his depiction of nineteenth-century provincial life; in his nuanced portraiture of the vivid quirks of human character; and in the elusive poise of his narrative style - all artfully captured in Jessie Coulson's subtly brilliant translation. Presented by riverrun editions with an exclusive preface by award-winning translator Boris Dralyuk.
