of the 28th edition in 1960. The original version of the 28th edition tried to take account of the changes in fire hazard resulting from the production and wider use of plastics which had proved to be a problem for earlier sprinkler systems. The 29th (and last) edition of the FOC rules in December 1968 required further major changes to meet

v1 docs.bespokify.com

For over 120 years the LPC Rules for Automatic Sprinkler Installations (and its forerunner the FOC Sprinkler Rules) have specified sprinkler protection worldwide. We ensure that the rules are up-to date by keeping abreast of new hazards, technologies, design methods, installations and maintenance requirements.
