shows, minstrel shows, night club acts, vaudeville acts, touring companies, and shows on the road that never made it to Broadway—and all the major musicals from Chicago.

Grace Nebeker was spoiled! No doubt about it, but she was also a winsome bundle of contradictions. Her letters written between 1884-1887, while she was a student at Glendale Female College paint a charming, but revealing portrait of a young woman struggling to carve out her own unique identity. These were written at a time when women's role in society was narrowly prescribed by the Victorian Era. She had definite opinions about everything from family and friends to religion and politics. She considered herself to be a lady, yet she was capable of being a bit of a hoyden. She had a love/hate relationship with her college. Her relationship with Annie Davidson, her roommate, was complex and competitive. Possibly, in terms of contemporary psychology, Grace could be described as passive-aggressive. She, herself, wrote that she knew "how to get around people." Her syntax, grammar and spelling were not always correct and there were times when, according to our contemporary thinking, she was not politically correct. One thing is certain, once you have met her you will not forget her.

This sheet music book was written to help the beginner, be they, child or adult, learn to play music in a simple and easy way that requires no previous knowledge of music. Just by following the circles with letters, you will sound like an experienced musician. Playing music can be effortless and an enjoyable game. There are 3 levels in this book: Level 1 and 2 are for beginners and use circles with letter notation, instead of notes. Level 3 has letter notation and traditional musical notes. Level 1. Songs that are possible to play within the main octave. Level 2. Songs that need to be played in an octave other than the main octave, or songs that involve the flat notes. To begin to play right away without any musical knowledge, you just need to obtain and apply the stickers with letter-notation and on each key of your melodica. Most melodicas include these stickers, but you can buy them separately or create your own using common peelable paper stickers. In addition to recounting each song's inspiration, creation, and enduring popularity, America's Songs shows how these "standards" mirror American life from the years before World War I through the years after Vietnam.
