The Fayette City Park Swimming Pool, in Fayette, Howard County, Missouri is a fine example of small scale Depression-era civic architecture. The pool was built to serve as a centerpiece in the development of Fayette's first city park in 1936, and is significant as a long-lived recreational facility built by a partnership of public entities ...

Shows what life was like in the United States during the Depression, as depicted through the eyes of a young girl, in a text that includes pop-up illustrations, pull-tabs, and flaps that can be lifted to reveal additional facts about the times.

American history before and after the Wall Street Crash of 1929 Providing a balanced, realistic picture of a time rife with hardships, The Great Depression for Kids brings the era and key concepts to life. Kids learn about the harsh realities that most Americans could not escape, such as massive unemployment, natural disasters, and economic collapse. They also learn that the 1930s were a time when neighbors helped neighbors; sports figures behaved admirably; and an army of young men rebuilt the nation's forests, roads, and parks. Librarians delivered books on horseback, a curly-haired child star charmed moviegoers to "stand up and cheer" in the darkest of days, and a little African American girl became the first of her race to participate in the National Spelling Bee. Beginning with an in-depth look at the 1920s, the book builds readers' background knowledge to help set the stage for the decline of the economy over the next decade. Twenty-one crosscurricular activities help kids learn how to research, buy, and sell stocks; use scientific methods to conduct a survey, re-create Depression glassware; and much more.

The complete guide for managing the financial, legal, and emotional issues of inheritances large and small. A death in the family is never easy, but receiving an inheritance, whether expected or not, can leave heirs feeling overwhelmed and even guilty at this change in their fortunes. Ann Perry's insightful examination of the challenges make managing a bequest a little easier. Combining her practical know-how as a personal finance writer, the expertise of financial advisors, attorneys, and psychologists, and the wisdom gained from her personal inheritance experience, Perry deftly deals with such touchy subjects as selling the family homestead, divvying up property in "blended families," parceling out heirlooms, dividing a family business, and sharing—or not sharing—an inheritance with a spouse. With refreshing candor, Perry addresses the guilt, grief, and unrealistic fantasies that can keep heirs from making the most of their windfalls, and also explores the unique, even life-changing, opportunities that a bequest can present. An excellent tool for estate planning, as well, this is essential reading for those who are writing their wills as well as those who are remembered in one.

This provocative three-volume encyclopedia is a valuable resource for readers seeking an understanding of how movies have both reflected and helped engender America's political, economic, and social history. \* Provides 450 A–Z entries that comprehensively cover the historical significance of subjects, people, and films of the American cinema \* Contains contributions from 150 distinguished interdisciplinary scholars offering their analysis on the role of movies in American history \* Includes reference materials and suggestions for further reading with every entry

A cultural history of the 1930s explores the anxiety, despair, and optimism of the period, exploring how the period culture provided a dynamic lift to the country's morale.

"Part One of this exploration of screwball comedies and their later offspring begins midcentury discussing the careers and love of popular super stars. Writers and directors are given their due. Part Two, takes an in depth look at the films, from the genre's inception and the stars that appear in them, ending with some thoughts about the future"--

Examines the use of class in the American film comedy, from the 1930s to present.

Activities touch on history, geography, people, places, fictional characters, animals, holidays, festivals, legends, lore, and more.

This book considers a recurrent figure in American literature: the solitary white man moving through urban space. The descendent of Nineteenth-century frontier and western heroes, the figure re-emerges in 1930-50s America as the 'tough guy'. The Street Was Mine looks to the tough guy in the works of hardboiled novelists Raymond Chandler ( The Big Sleep ) and James M. Cain ( Double Indemnity ) and their popular film noir adaptations. Focusing on the way he negotiates racial and gender 'otherness', this study argues that the tough guy embodies the promise of an impervious white masculinity amidst the turmoil of the Depression through the beginnings of the Cold War, closing with an analysis of Chester Himes, whose Harlem crime novels ( For Love of Imabelle ) unleash a ferocious revisionary critique of the tough guy tradition.
