"Masterful. Magnificent. A passionate story of survival and a real page turner. This story will stay with me for a long time." —Heather Morris, author of The Tattooist of Auschwitz and Cilka's Journey Living through World War II working in a Paris bookstore with her young daughter, Vivi, and fighting for her life, Charlotte is no victim, she is a survivor. But can she survive the next chapter of her life? Alternating between wartime Paris and 1950s New York publishing, Ellen Feldman's Paris Never Leaves You is an extraordinary story of resilience, love, and impossible choices, exploring how survival never comes without a cost. The war is over, but the past is never past.

Based on Mr Hudson's identity, the book is featuring destinations for gays, but not necessarily gay destinations. It is about travelling in style for everyone who is looking for something different and special - no matter if men or women, travelling solo or as a couple. Mr Hudson Explores shows that every part of a trip is an incredible experience. The core content of the book will consist of 20 cities in the Northern Hemisphere and showcases the very best the destination has to offer. Each guide will give a general introduction to the city and, if applicable, its relevance for the gay community. It showcases various locations on culture and art, the most inspiring museum to visit, traditional and upcoming food places, best shopping experiences, music and nightlife: Where to go out, which bars do have the best drinks, and clubs you can have the most fun at the city's best parties and concerts. Depending on the location, day trips and activities can be included. Luxury accommodations and places to stay complete the range. The book will not just give descriptions of the places but also background information, telling the story of the owner, history or anecdotes.

"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.
