What You Like,” “Decide Who Will Decide,” “Focus Groups Suck,” “Don’t Say ‘Make It Yellow,’ Say ‘Make It Sunny,’” “Serve Lunch During Lunchtime Meetings”—it shows exactly how to deal with the subjectivity, emotional pitfalls, and occasional chaos of a creative partnership. Here’s how to articulate your visual goals and set a clear, consistent direction. How to give feedback that works and avoid words that inhibit creative thinking. How to be open to something you didn’t imagine. And most of all, how to have fun, save money, and get the results you want.

Have you ever felt like you don't push yourself hard enough? You have all these thoughts and ideas but only act for a day then decommit yourself. It's like for many to pick up a book to only read the first few pages than put it down because it's more effortless to watch TV than to apply yourself. These goals and dreams you've envisioned fade away because you've given up too soon. But that changes now when you learn to finish what you start. At first, it's an exhausting pattern. You can't trust your own mind to carry you through. The change begins when you strengthen your mind and develop the discipline and mental toughness to grind away at what needs to be done. Just think about it, every champion failed there way to success. Every failure was a chance to walk away. Every day they trained and pressed forward with the unknown if they would succeed or not. But what's the difference between them you are that they had the willpower to commit and finish what they start. Inside this book you will discover: How to unlock the right attitude to forge relentless willpower so you never quit early The Navy Seal mindset and simple strategies you can apply to grind away at tasks you hate The hidden rule to push yourself beyond what you thought your limits were The unconscious anti-habits that hold you back from realizing your true potential How to rise back to your feet no matter how many times you get knocked down Your mind is a muscle. Weak muscles quit, break or tear when you need them most. But if you build strong muscles you will be able to lift the

This compilation of essays asks various animal who designed them. Full of interesting and well-researched information on each animal, these essays allow the animals to become our teachers. A second section asks questions of the earth, so Nature is again the teacher. The entire book is in response to the challenge in the Bible to "Ask the animals" in Job 12. Makes a great bed-side book because it can be read in one page segments. Essays range from the exotic fish which has a fishing pole on its head to the common yet amazing dog. This book may be enjoyed by all ages. It will be an eye-opener for many people who haven't taken the time to appreciate how awesome many creatures are.
