In Seth Godin ’ s most inspiring book, he challenges readers to find the courage to treat their work as a form of art Everyone knows that Icarus ’ s father made him wings and told him not to fly too close to the sun; he ignored the warning and plunged to his doom. The lesson: Play it safe. Listen to the experts. It was the perfect propaganda for the industrial economy. What boss wouldn ’ t want employees to believe that obedience and conformity are the keys to success? But we tend to forget that Icarus was also warned not to fly too low, because seawater would ruin the lift in his wings. Flying too low is even more dangerous than flying too high, because it feels deceptively safe. The safety zone has moved. Conformity no longer leads to comfort. But the good news is that creativity is scarce and more valuable than ever. So is choosing to do something unpredictable and brave: Make art. Being an artist isn ’ t a genetic disposition or a specific talent. It ’ s an attitude we can all adopt. It ’ s a hunger to seize new ground, make connections, and work without a map. If you do those things you ’ re an artist, no matter what it says on your business card. Godin shows us how it ’ s possible and convinces us why it ’ s essential.

A myth as old as civilization. The boy who donned wax wings and flew too close to the sun. Follow the tale of Icarus. And that of the father who tried to save him ...but brought his life to an end. You will come to love him. Then you will watch him fall. Live the tragic story as you never imagined possible.

This series featuring South African detective Benny Griessel " is one of the high points of contemporary crime fiction " and " Icarus is his best yet " (The Guardian) When a plastic-wrapped corpse is found amidst the sand dunes north of Cape Town, it doesn ’ t take long for the police to identify the body as Ernst Richter—the tech whiz behind MyAlibi, an Internet service that provides unfaithful partners with sophisticated cover stories to hide their affairs. The murder quickly becomes the subject of fierce media speculation, with questions swirling about potential motives and perpetrators. Maybe it was one of MyAlibi ’ s countless jilted spouses, or perhaps an aggrieved client. With a spotlight shining on the investigation, detective Benny Griessel ’ s boss wants him on the case—and he won ’ t take no for an answer. Before the week is out, a connection to a storied family winery comes to light and adds another layer of tension. But Griessel will have to make sure his suspicions are beyond the shadow of a doubt—or it might be his head on the chopping block.
