Download Free Literary Theory An Anthology 2nd Edition

Edition, is more comprehensive and more varied in its selection than any other anthology. Forty-eight NEW selections—concentrated mostly on the twentieth and twenty-first centuries—make the book not only the best overview of the history of theory, but also a remarkably up-to-date portrait of the state of theory today.

"Everything you might want to know about the history and practice of feminist criticism in North America". -Feminist Bookstore News

Critical Theory Today is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and

literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

Debates rage over what kind of literature we should read, what is good and bad literature, and whether in the global, digital age, literature even has a future. But what exactly is literature? Why should we read literature? How do we read literature? These are some of the important questions J. Hillis Miller answers in this beautifully written and passionate book. He begins by asking what literature is, arguing that the answer lies in literature's ability to create an imaginary world simply with words. *On Literature* also asks the crucial question of why literature has such authority over us. Returning to Plato, Aristotle and the Bible, Miller argues we should continue to read literature because it is part of our basic human need to create imaginary worlds and to have stories. Above all, *On Literature* is a plea that we continue to read and care about literature.

theory, from Formalism to Postcolonialism."--

Explaining both why theory is important and how to use it, Lois Tyson introduces beginning students of literature to this often daunting area in a friendly and approachable style. The new edition of this textbook is clearly structured with chapters based on major theories that students are expected to cover in their studies. Key features include: coverage of major theories including psychoanalysis, Marxism, feminism, lesbian/gay/queer theories, postcolonial theory, African American theory, and a new chapter on New Criticism (formalism) practical demonstrations of how to use these theories on short literary works selected from canonical authors including William Faulkner and Alice Walker a new chapter on reader-response theory that shows students how to use their personal responses to literature while avoiding typical pitfalls new sections on cultural criticism for each chapter new 'further practice' and 'further reading' sections for each chapter a useful "next step" appendix that suggests additional literary titles for extra practice. Comprehensive, easy to use, and fully updated throughout, Using Critical Theory is the ideal first step for students beginning degrees in literature, composition and cultural studies.

This new and revised edition provides 14

chapters introducing new modes of 'hybrid' criticism which have emerged in the twenty-first century.

An accessible and thorough introduction to literary theory and contemporary critical practice, this book is an essential resource for beginning students of literary criticism. Covers traditional approaches such as formalism and structuralism, as well as more recent developments in criticism such as evolutionary theory, cognitive studies, ethical criticism, and ecocriticism Offers explanations of key works and major ideas in literary criticism and suggests key elements to look for in a literary text Also applies critical approaches to various examples from film studies Helps students to build a critical framework and write analytically
