Innovation transforms companies and markets. It's the key to solving vexing social problems. And it makes or breaks professional careers. But for all the enthusiasm the topic inspires, the practice of innovation - how to do it-has remained stubbornly impenetrable. No longer. In The Little Black Book of Innovation, leading thinker Scott D. Anthony draws from research, Innosight fieldwork with global giants such as Procter & Gamble, and personal experience launching and investing in start-up companies to demystify the discipline of innovation. With wit and remarkable insight born of years of both leading and teaching innovation, Anthony presents a simple definition of the concept, breaks down the essential differences between its various types, and illuminates its vital role in organizational success and personal growth.

The Little Black Book of Decision Making delves into the cognition behind decision making, guiding you through the different ways your mind approaches various scenarios. You'll learn to notice that decision making is a matter of balance between your rational side and your intuition – the trick is in honing your intuition to steer you down the right path. Pure reasoning cannot provide all of the answers, and relying solely on intuition could prove catastrophic in business. There must be a balance between the two, and the proportions may change with each situation. This book helps you quickly pinpoint the right mix of logic and 'gut feeling,' and use it to find the best possible solution. Balance logic and intuition in your decision making approach Avoid traps set by the mind's inherent bias Understand the cognitive process of decision making Sharpen your professional judgement in any situation Decision making is the primary difference between organisations that lead and those that struggle. The Little Black Book of Decision Making helps you uncover errors in thinking before they become errors in judgement.

Politics. It's a word that carries a great deal of weight, and there have been many words spoken about it ever since human beings decided it might be a good idea to come down from the trees and form some kind of government. The Little Black Book of Political Wisdom is an engaging collection of the wisest, funniest, and most insightful words ever said about the world of politics. Gathered here are hundreds of quotations from statesmen and stateswomen, philosophers, foreign leaders, journalists, and other politically astute observers from ancient times to present day. Here are some examples: "Politics, as a practice, whatever its professions, has always been the systematic organization of hatreds." –Henry Adams "I have learned that one of the most important rules of politics is poise—which means looking like an owl after behaving like a jackass." –Ronald Reagan "Politics are almost as exciting as war, and quite as dangerous. In war you can be killed once, but in politics many times." –Sir Winston Churchill "We hang the petty thieves and appoint the great ones to public office." –Aesop "Giving money and power to government is like giving whiskey and car keys to teenage boys." –P. J. O'Rourke

This Little Black Book is your companion for Lent 2015. It's an old-fashioned "vade mecum" (pronounced vahday maykum). That's Latin for "travel with me" and was used to describe a book that was a constant companion – perhaps a condensed book of prayers for traveling priests, or a handbook for quick reference – something you could take with you anywhere. The right-hand pages walk through Luke's passion narrative, a few verses at a time, with explanations and reflections along the way. It's an ancient way of praying the Scriptures – called lectio divina. The left-hand page has a variety of quotes, information, and timely thoughts. Treat it like a buffet table from which you can take what you like. (If pressed for time, go directly to the right-hand page and spend your time there.) On Sundays and on various left-hand pages, we'll especially call to mind the poor this Lenten season, remembering Pope Francis' words that "(a)mong our tasks as witnesses to the love of Christ is that of giving a voice to the cry of the poor." We won't start reading the Gospels until Ash Wednesday. But we'll start the six-minute program on Sunday, February 15 (the Sunday before Ash Wednesday), which will give us three days to get ready for Lent.

Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.
