William Lobdell's journey of faith—and doubt—may be the most compelling spiritual memoir of our time. Lobdell became a born-again Christian in his late 20s when personal problems—including a failed marriage—drove him to his knees in prayer. As a newly minted evangelical, Lobdell—a veteran journalist—noticed that religion wasn't covered well in the mainstream media, and he prayed for the Lord to put him on the religion beat at a major newspaper. In 1998, his prayers were answered when the Los Angeles Times asked him to write about faith. Yet what happened over the next eight years was a roller-coaster of inspiration, confusion, doubt, and soul-searching as his reporting and experiences slowly chipped away at his faith. While reporting on hundreds of stories, he

witnessed a disturbing gap between the tenets of various religions and the behaviors of the faithful and their leaders. He investigated religious institutions that acted less ethically than corrupt Wall St. firms. He found few differences between the morals of Christians and atheists. As this evidence piled up, he started to fear that God didn't exist. He explored every doubt, every question—until, finally, his faith collapsed. After the paper agreed to reassign him, he wrote a personal essay in the summer of 2007 that became an international sensation for its honest exploration of doubt. *Losing My Religion* is a book about life's deepest questions that speaks to everyone: Lobdell understands the longings and satisfactions of the faithful, as well as the unrelenting power of doubt. In this challenging and provocative book, Tom Frame, one of Australia's

best - known writers on religion and society, examines diminishing theological belief and declining denominational affiliation. He argues that Australia has never been a very religious nation but that few Australians have deliberately rejected belief - most simply can't see why they need to be bothered with religion at all. He contends that vehement campaigning against theistic belief is the product of growing disdain for religious fundamentalism and a vigorous commitment to personal autonomy. Losing My Religion contends that God is certainly not dead but that Australia's religious landscape will continue to change as the battle for hearts, minds and spirits continues. Published on the sesquicentennial of the first release of Charles Darwin's On the Origin of

The never-before-told story of Lecrae's loss of faith after the experiences of his past threatened to ruin his career and life. Two-time GRAMMY winning hip-hop artist and bestselling author Lecrae had inspired millions with his redemptive and gut-honest art. But when his personal life spun into chaos, he was forced to face the buried impact of the unhealed wounds--sexual abuse, physical trauma, addiction, and depression--that threatened to tear it all apart. Along the way, he realized the wounds we all carry have the potential to be unlikely guides to healing and freedom for ourselves, and others. With vulnerable honesty

and transformational yet simple steps you can apply today, Lecrae shares the personal practices he uses in his daily life for mental, emotional, and spiritual health. With powerful prose, he gives an unflinching look at the personal and public spaces that sadly hurt us so often--culture, politics, family, church, personal failure--and reminds us that learning to let go and forgive is the birthplace for the life of creativity and freedom God has for us. *I Am Restored* is an inspiring charge to embrace the lasting healing and restoration available now, and that we all desperately long for, because no matter what you've experienced, God is near, He hears, and He's not done with you yet.

R.E.M. cover band trying his hardest not to grow up. Tours, he feels, are for playing music and taking full advantage of the openness of his marriage, and having a gay wingman usually helped the bisexual coyote get girls. But his wingman is dating their lead singer now, so Jackson's left with the new bassist, an ex-Mormon kit fox named Zeb who might be gay, but knows as little about sex as he does about drinking. So Jackson's going to have to show him the ropes, and hopefully he won't have to learn any pesky life lessons along the way.

If the control freaks don't like you, they may as well accuse you of being political in your church. This is what the Maverick Pastor faced as a pastor chosen by his tiny congregation in a church organisation that was never

democratic with its selection of leaders. Moving on is your next best option, no matter how much it hurts. The journey that followed could never have been predicted. He lost his former church, and found a new one. Forgiveness and healing was only part of the transformation to come next. He was losing his religion, and finding a whole new meaning in his walk before God as a Christian. So much of what he believed in and trusted would be shaken. He would never look at Church or Jesus the same way again. No doubt many in the broader body of Christ (the Christian Church) have experienced similar. By telling this story, the Maverick Pastor provides a platform by which others can make sense of their own changes in thinking.

After four years of college and six

years in seminary, William Mills was ready for a parish--or so he thought. He didn't realize much of his time would be endless discussions about bagels and coffee, digging ditches, and parking lot condom patrols. For six years, community life was just humming along. Then disaster struck. Mills' life came crashing down when nearly a third of his congregation left in a public power play, causing him to question his faith in himself, in the church, and in God. Marva Dawn, a noted writer of spirituality and ministry, said that being a pastor is like being peppered with popcorn: after a while, you just get tired of it, pack your bags, and move on. However, as Mills himself says, "I was either too stubborn or stupid, so I stayed." Losing My Religion is about the ups and downs, ins and outs, choices and

challenges of being a pastor in the twenty-first-century church. It's also about the redemptive power of community life and finding healing and wholeness in a broken world.

In this lively, challenging book, Brett Hoover says that the typical young-adult loss of faith is a necessary part of maturing spirituality: faith can grow only when religion is doubted, lost, and found again in a new light. Using the metaphor of a road trip, Hoover describes the lifelong process of discovering both God and self. "Losing your religion" is just one necessary obstacle on the road to a holistic spirituality.

meditation on faith, family, and forgiveness . . . a fabulous debut.”  
—Claire Lombardo, New York Times bestselling author of *The Most Fun We Ever Had* A mesmerizing debut novel set in northern Texas about two sisters who discover an unsettling secret about their father, the head pastor of an evangelical megachurch, that upends their lives and community—a story of family, identity, and the delicate line between faith and deception. Luke Nolan has led the Hope congregation for more than a decade, while his wife and daughters have patiently upheld what it means to live righteously. Made famous by a viral sermon on purity co-written with his eldest daughter, Abigail, Luke is the prototype of a modern preacher: tall, handsome, a spellbinding speaker. But his younger daughter

Caroline has begun to notice the cracks in their comfortable life. She is certain that her perfect, pristine sister is about to marry the wrong man—and Caroline has slid into sin with a boy she's known her entire life, wondering why God would care so much about her virginity anyway. Caroline seizes the opportunity to be alone with her sister. The two girls flee to the ranch they inherited from their maternal grandmother, far removed from the embarrassing drama of their parents and the prying eyes of the community. And love for God, too, which Kelsey McKinney writes about with humane and incisive frankness."—Linda Holmes, New York Times bestselling author of *Evvie Drake Starts Over* "The accomplishment of this canny novel is in positing coming of age itself as a loss of faith—not only in the church, but in our parents, our family, and the world as we thought we understood it." — Rumaan Alam, New York Times bestselling author of *Leave the World Behind* and *Rich and Pretty*
