Recently widowed, Rebecca Parcell is too busy struggling to maintain her farm in Morristown to give a fig who wins the War for Independence. But rumors are spreading in the winter of 1780 that she's a Loyalist sympathizer who betrayed her husband to the British-quite a tidy way to end her disastrous marriage, the village gossips whisper. Everyone knows that her husband was a Patriot, a hero who died aboard a British prison ship moored in New York Harbor. But "everyone" is

wrong. Parcell was a British spy, and General Washington—who spent that winter in Morristown—can prove it. He swears he'll safeguard Becca's farm if she unravels her husband's secrets. With a mob ready to exile her or worse, it's an offer she can't refuse. Escaped British prisoner of war Daniel Alloway was the last person to see Becca's husband alive, and Washington throws this unlikely couple together on an espionage mission to British-occupied New York City. Moving from glittering balls to an underworld of brothels and prisons, Becca and Daniel uncover a plot that threatens the new country's future. But will they move quickly enough to warn General Washington? And can Becca, who's lost almost everyone she loves, fight her growing attraction to Daniel, a man who always moves on?

Stanley O. Hoerr, M.D. former Chairman. Division of Surgery Cleveland Clinic Chairman. Department of Surgery Fairview General Hospital Cleveland, Ohio Preface Operations on the gallbladder and bile ducts are among the surgical procedures most commonly performed by general surgeons. In most hospitals, cholecystectomy is the most frequently performed operation within the abdomen; approximately 60,000 are performed each year in the United States. In addition, an estimated 120,000 bile duct operations are performed yearly. Pancreatic surgery is less frequent, but because of the close relation

PRINCIPLES OF ECONOMICS, 3e, is designed with one overriding aim: to make this exciting and highly relevant subject clear, accessible and easy to understand. The text puts economics in the context of the real world, bringing the subject alive and giving students an insight into the economy in which we live and the economic forces that shape our lives.
