RSMMeans data: Construction Cost  
Estimating Software

A German 1874 handbook for mechanics, millwrights, engineers, technicians, trades people and technical schools. Brazilian Handbook. A handbook is a type of reference work, or other collection of instructions, that is intended to provide ready reference. The term originally applied to a small or portable book containing information useful for its owner, but the Oxford English Dictionary defines the current sense as "any book...giving information such as facts on a particular subject, guidance ...
