Says that the range is 35 miles but it is a far cry from that. Andrew R From the instruction manual: "Selecting the Channel Your radio has 22 channels. The channel is the frequency the radio uses to ...

This practical resource is a concise guide designed to prepare veterinary technicians to administer anesthesia in animals. It discusses essential topics such as preanesthetic preparation of the patient, induction procedures, monitoring animals' vital signs during the anesthetic period, and postoperative care. The operation of anesthetic machines and breathing circuits are described in detail, as well as: the actions and side effects of anesthetic agents; the physiology of respiration, heart rate, and blood pressure; emergency response; and specialized techniques such as local anesthesia, postoperative analgesia, and the use of muscle-paralyzing agents and ventilators. In addition to canine and feline anesthesia, this edition has added information on anesthesia of rodents, rabbits, and other animals used in research, plus a new section on anesthesia of cattle, horses, small ruminants and pigs. This is the only book on veterinary anesthesia written explicitly for technicians, providing detailed, essential information that technicians must know. Concepts are presented in a clear, readable, well-organized format with key points, learning objectives, and review questions. Health and Safety issues surrounding anesthesia are discussed and safety procedures are outlined, as required by OSHA. Emphasis is placed on appropriate response to emergencies, and provisions of the effective pain control. Effective learning features such as objectives, key points, and review questions, help reinforce key information. All drugs and procedures included throughout the book are fully up-to-date. Clear, useful illustrations and tables highlight important facts and concepts. A solid balance of theory and application takes the reader from learning to real-world practice. Step-by-step Procedures boxes clarify the technician's role in anesthesia delivery. Notes throughout the text highlight important precautions and/or emergency interventions. A section on client education focuses on compliance with NPO instructions and age-related complications of anesthesia. New information is provided on the use of NSAID (nonsteroidal antiinflammatory drugs - aspirin, ibuprofen) and opioid analgesics for pain control - now accepted as an indispensable aspect of anesthesia. Expanded discussions of sophisticated monitoring instruments and equipment address capnography, pulse oximetry, blood pressure measurement, and electrocardiology. An expanded section on anesthetic agents includes newer drugs such as medetomidine (Domitor) seroflurane, and analgesics such as carprofen (Rimadyl) and meloxicam (Metacam). The new title, previously published as Small Animal Anesthesia and Analgesia, reflects this edition's expanded scope and inclusion of other species. A new chapter on large animal anesthesia focuses predominantly on horses and cows. A new chapter on exotics covers various exotic pets, with an emphasis on pocket pets and birds. New line drawings and photographs of new equipment and techniques for delivery bring the book up to date with advances in the field.

This book contains practical recipes on everything from creating an Adwords account, reporting, analyzing, bidding effectively to remarketing. The book is a guide to getting hands-on experience in Adwords strategies. It is extensively focussed on helping you build an Adwords account, which appeals to the visitors and attracts more clicks! Do you want to discover the most treasured secrets of money magick? In his latest book, acclaimed author Damon Brand presents an exclusive system for attracting money. This proven magick works safely, without wands, herbs, incense or candles. There is no need to pay the spirits, and there is no karma or spiritual backlash. You get what you deserve, you get it fast and you get to spend it any way you want. Where the Magickal Cashbook gave just one method for attracting a small burst of money, and Wealth Magick worked on long-term career enhancement, Magickal Riches contains practical rituals that continually manifest money. Developed from ancient knowledge and modern occult technology, the major workings in this book have never been published before, in any form. The secrets of Magickal Riches have been crafted by The Gallery of Magick during the past thirty years. You will discover: *The Master Money Ritual, using a sigil that contains a pattern of magickal symbols. *How to find your Secret Source of Money, to provide new streams of unexpected income. *A Ritual To Increase Sales, for anybody who sells a product of any kind. *A Ritual For Buying and Selling that ensures that you get the best deal when you are buying or selling anything, from a small item to a house or business. *A ritual to Get Somebody To Pay Up. When you are owed money, use magick to get what belongs to you. *The Genius Rituals, with a set of unique sigils to call on intelligent and helpful spirits. *A ritual to Attract Money Through Perception, for trading shares, or to find out the best course of action in any money-making situation. *The Chance Money Attraction ritual, employing the power of Nitika in harmony with other genius spirits, to bring money out of the blue. *The Gambling Ritual, to increase your luck in lotteries and games of chance. *A secret technique, never revealed until now, for adding extra energy to your magickal workings. Damon Brand says, 'Creating money with magick is one of the most direct and exciting ways to experience the raw power of the occult.' If you are completely new to magick, be assured that this magick is safe and effective. It will work whether you believe in it or not. If you are an experienced occultist, you will discover many new secrets for manifesting money. This exceptional work gives you all the knowledge, techniques, images and secret words that you need to unleash a flow of riches into your life.

If you're struggling to keep your children still during sermons at the church, get this Sermon Notes for your kids and make your children ready and excited about going to church by providing them with a fun and exciting way to listen, take notes, learn and even doodle what they have learned while listening from the sermons. It is a great resource for churches to provide to families with children and it can also be useful for camps and retreats. It is a convenient, simple and easy to understand workbook designed to allow children to review important lessons and prayer requests.
