Press the CBL button on your remote control and then press the Guide or Menu button again. If you have a HD receiver, check if the Guide works on both standard and HD digital channels. If the Guide does not appear on HD channels, make sure your TV is on the right input (HDMI, Component, TV...). If the problem persists, unplug your receiver and wait 15 seconds.

Then yesterday I got home and noticed much of my guide info was wrong. For example 1006 which is ABC in my area was showing ABC programming but the 'graphics' on the guide were showing Fox News? And the FX channels was showing the graphic for 'Newsy' in the guide. Many of the menu's and guide's graphics were showing blank grey boxes instead of ...

As the executive culinary assistant to celebrity Chicago chef Patrick Conlon, Alana Ostermann works behind the scenes—and that 's just the way she likes it. But with developing recipes for Patrick ' s cookbooks, training his sous chefs, picking out the perfect birthday gifts for

his ex-mother-in-law, and dealing with the fallout from his romantic escapades, she barely has a personal life, much less time to spend with her combo platter of a mutt, Dumpling. Then a fluke online connection brings her RJ, a transplant from Tennessee, who adds some Southern spice to her life. Suddenly Alana 's priorities shift, and Patrick—and Dumpling—find themselves facing a rival for her time and affection. With RJ in the mix, and some serious decisions to make about her personal and professional future, Alana must discover the perfect balance of work and play, money and meaning, to bring it all to the table—one delicious dish at a time... INCLUDES RECIPES

These people simply want solutions to their problems. They complain via legacy channels where the likelihood of a response is highest--phone, e-mail, and company websites. Offstage haters don't care if anyone else finds out, as long as they get answers. Onstage haters. These people are often disappointed by a substandard interaction via traditional channels, so they turn to indirect venues, such as social media, online review sites, and discussion boards. Onstage haters want more than solutions--they want an audience to share their righteous indignation. Hug Your Haters shows exactly how to deal with both groups, drawing on meticulously researched case studies from businesses of all types and sizes from around the world. It includes specific playbooks and formulas as well as a fold-out poster of "the Hatrix," which summarizes the best strategies for different situations.

Describes how many companies erroneously believe that customer loyalty is won by dazzling them, but that research and surveys show that loyalty is based on delivering on basic promises and offers insights for companies to use to improve brand loyalty.

A guide to refocusing your business on those who matter most: customers and employees. Technology and social media tools have made it easier than ever for companies to communicate with consumers. They can listen and join in on conversations, solve problems, get instant feedback about their products and services, and more. So why, then, are most companies not doing this? Instead, it seems as if customer service is at an all time low, and that the few companies who are choosing to focus on their customers are experiencing a great competitive advantage. At Your Service explains the importance of refocusing your business on your customers and your employees, and just how to do it. Explains how to create a culture of empowered employees who understand the value of a great customer experience Advises on the need to communicate that experience to their customers and potential customers Frank Eliason, recognized by BusinessWeek as the 'most famous customer service manager in the US, possibly in the world,' has built a reputation for helping large businesses improve the way they connect with customers and enhance their relationships At Your Service will appeal to leaders, managers, business owners, customer service professionals, and anyone who wants to learn how to add value to their organization.

Provides information to quickly improve and customize a Mac computer, enable undocumented Mac OS X features, automate tedious tasks, handle media, and troubleshoot disk issues.

A look at the psychological barriers to financial success and how to create a better financial future When it comes to our relationship with money, we are in the Stone Age. Despite the relentless barrage of information and warnings from financial experts, the average American is in terrible financial shape. It turns out that human beings are just not wired to do the right things around money—such as saving and not overspending. That ' s why financial success is so difficult to attain. When it comes to our financial instincts, we are no more evolved than our ancestors who hunted the Woolly Mammoth 400,000 years ago. Recent findings from the field of financial psychology could help the many Americans who know what they need to do but just can ' t seem to make it happen. If you fall into this category, consider Money Mammoth: Evolve Your Money Mindset and Avoid Financial Extinction. This book looks at financial well-being from a psychological and evolutionary perspective. It reveals the obstacles that prevent people from taking their first critical steps towards financial wellness. It examines how our instincts and beliefs about money influence our financial behaviors. It explores money beliefs, how they develop, and how they drive our money behaviors As the world ' s leading experts in financial psychology, authors Dr. Brad Klontz, Dr. Ed Horwitz, and Dr. Ted Klontz can help you: Discover how the experience of your ancestors are impacting your finances Understand how your friends, family members, and tribe may be holding you back Overcome mental roadblocks to wealth and success Harness the power of your emotional brain to transform your relationship with money Build confidence in your ability to take control of your financial future In Money Mammoth, the authors reveal the secrets to harnessing the power of your psychology to reach your financial goals.

A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy Looting--a crowd of people publicly, openly, and directly seizing goods--is one of the more extreme actions that can take place in the midst of social unrest. Even self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the working class--not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. In Defense of Looting is a history of violent protest sparking social change, a compelling reframing of revolutionary activism, and a practical vision for a dramatically restructured society.

The story of one African-American family fighting to stay together and strong in the face of brutal racist attacks, illness, poverty, and betrayal in the Deep South of the 1930s.
