This new IFSTA manual details the training required of Company Officers according to NFPA® 1021, Standard for Fire Officer Professional Qualifications, 2014

Online Library

Nfpa 1041

Edition. The manual is divided into two sections to make a clear distinction between the information needed for Fire Officer Level I and Fire Officer Level II. Both print and eBook formats are available. There is no shortage of issues that a company officer might face in the everyday operation of a fire company or unit.

Online Library

Nfpa 1041

This manual addresses the wide range of topics and issues encountered by a company officer, from leadership and supervision to health and safety issues. Great attention was given to focus on the job performance requirements of NFPA® 1021. The fifth edition of Fire and Emergency Services

Online Library

Nfpa 1041

Company Officer builds on the previous edition of the manual while presenting the material in a more concise manner to make it easier for students to read and instructors to teach. By merging related topics, the number of chapters was reduced from 32 in the fourth edition to 17 in the new manual while

Online Library

Nfpa 1041

preserving the material related to the NFPA® standard. The number of appendices was reduced from 20 to 4 by removing information that can be found in other media. Along with reducing the volume of material from the fourth edition, the fifth edition of Fire and Emergency Services Company Officer offers several

Online Library

Nfpa 1041

new features. The manual features a new look with IFSTA ' s single-column format and upgraded and updated curriculum components. Learning activities are included to help instructors present the material to their students. Case Histories open each chapter to illustrate important lessons learned in the

first scholarly investigation of prosecutorial discretion in the International Criminal Court (ICC) from an interdisciplinary perspective. This work analyses the discretionary power of the ICC prosecutor and its scope. It explains that there is a tendency to overlook the necessity of

Online Library

Nfpa 1041

distinguishing between the various usages of discretion when exercised as a power authorised by the law and effect when applying indeterminate legal thresholds. The author argues that the latter indeterminacy may give decision makers an unwarranted opportunity to exercise a wide range of

Online Library

Nfpa 1041

discretion, where extra-legal factors may be considered. In comparison, prosecutorial discretion allows decision makers to consider extra-legal considerations. This book also discusses the relevance of political considerations within the decision-making process in the context of the exercise of

Online Library

Nfpa 1041

prosecutorial discretion.

It suggests that there need not be a conflict between the broad sense of justice as outlined in the Statute and political factors in giving effect to decisions. This book will be of interest to students of international law, global governance and international relations.
