NLP: The New Art And Science Of Getting What You Want ...

Neuro-linguistic programming ( NLP) is a pseudoscientific approach to communication, personal development, and psychotherapy created by Richard Bandler and John Grinder in California, United States, in the 1970s. NLP's creators claim there is a connection between neurological processes ( neuro- ), language ( linguistic) and behavioral patterns learned through experience ( programming ), and that these can be changed to achieve specific goals in life.

Neuro-linguistic programming - Wikipedia

NLP: The New Art and Science of Getting What You Want ... Excellent introduction to Neuro- linguistic Programming which takes one systematically through the basic ideas of the discipline. There are questions to think and write about so that one changes one's own thinking as one works through the book. Clearly written and accessible, I really do ...
