NO HAPPY COWS collects these recent observations together for the first time in book form. Robbins shares his dispatches from the front lines of the food revolution: From his undercover investigations of battery farms and slaughterhouses, to the rise of food contamination, the slave trade behind chocolate and coffee, the sham of 'Vitamin Water' and the effects of hormones on animals and animal products.

No Happy Cows: Dispatches from the Frontlines of the Food ...

But one thing is clear from reading No Happy Cows, is that our food supply and how we treat animals destined for our dinner tables, needs changing. If only half of facts contained in this book are true, the food supply industry is feeding us crap while it continues to subject cows, chickens, pigs and other animals to the most inhumane conditions imaginable.
