How much money do you need to make a living from trading?[Noise Living And Trading In](#)

In Noise, Alex Preda explores the world of the people who trade even when by all measures they would be better off not trading. Based on firsthand observations, interviews with traders and brokers, and on international direct trading experience, Preda's fascinating ethnography investigates how ordinary people take up financial trading, how they form communities of their own behind their computer screens, and how electronic finance encourages them to trade more and more frequently.

Using extensive interviews with traders, [Noise] sheds light on the rationales for taking up trading and continuing with it even if little or no gains are made. It shows how traders make sense of their financial actions and decisions in relationship to their social lives, challenging a utilitarian view about profit as the ultimate motive in trading.
