Jack Spratt is a policeman on the door of number ten Downing Street. When the Prime Minister decides that the only way to get closer to the men and women on the street is to travel around the country incognito, he enlists Jack's help. Toggle navigation. Monon Town and Township Public Library (State of Indiana Libraries)

Behind the doors of the most famous address in the country, all is not well.

Edward Clare was voted into Number Ten after a landslide election victory. But a few years later and it is all going wrong. The love of the people is gone. The nation is turning against him. Panicking, Prime Minister Clare enlists the help of Jack Sprat, the policeman on the door of No 10, and sets out to discover what the country really thinks of him. In disguise, they venture into the great unknown: the mean streets of Great Britain. And for the first time in years, the Prime Minister experiences everything life in this country has to offer - an English cream tea, the kindness of strangers, waiting for trains that never come and treatment in a hospital - and at last he remembers some of things he once really cared about . . . 'Wickedly entertaining. There is a gem on nearly every page. Nothing escapes Townsend's withering pen. Satirical, witty, observant . . . a clever book.' Observer 'A delight. Genuinely funny . . . compassion shines through the unashamedly ironic social commentary.' Guardian 'Poignant, hilarious, heart-rending, devastating.' New Statesman 'Hilarious. Sue Townsend's laughter is infectious.' John Mortimer, Sunday Telegraph Books of the Year www.suetownsend.com

Jack Sprat is a policeman on the door of Number Ten. When the Prime Minister decides that the only way to get closer to the people on the street is to travel around the country incognito, he enlists Jack's help. For the first time in years, the PM experiences everything his country has to offer.

The Heinemann Plays series offers contemporary drama and classic plays in durable classroom editions. Many have large casts and an equal mix of boy and girl parts. This play is an adaptation of the humorous diary of a young intellectual, suffering the traumas of love, parental divorce and spots.

Edward Clare, England's Prime Minister has a problem. This once popular political leader has fallen out of public favor for failing to know the price of a liter of milk. Determined to get back in touch with the common man he sets out to tour Britain, accompanied only by Jack Sprat, the bobby who usually guards Number 10, Downing Street, the official residence of the Prime Minister. And what better disguise than to go in drag? The odyssey begins in Edward's childhood home city, Edinburgh, and ends in Jack's mother's house in Leicester. It is a journey across social and political barriers that ultimately impacts world affairs as well as their own lives.

A rollicking comic adventure starring "one of literature's most endearing figures" (The Observer). Readers worldwide have loved Adrian Mole ever since he wrote his first diary at age thirteen and three quarters. Now he is age thirty-four and three quarters—not quite fully grown up, but getting there. In this "funny and wrenching," novel Adrian needs proof that Saddam Hussein had weapons of mass destruction so he can get a refund from a travel agency of the deposit he paid on a trip to Cyprus (Publishers Weekly). Naturally, he writes to Tony Blair for some evidence. He's engaged to the woman he loves, but obsessed with her voluptuous sister. And he is so deeply in debt to banks and credit card companies that it would take more than twice his monthly salary to ever repay them. He also needs a guest speaker for his creative writing group's dinner in Leicestershire, and wonders if the prime minister's wife is available. In short, Adrian is back in true form, unable—like so many people we know, but of course, not us—to admit that the world does not revolve around him . . . In Adrian Mole and the Weapons of Mass Destruction, international-best-selling author Sue Townsend combines "love, politics and credit-card debacle into a not-to-be-missed novel!" (The Seattle Times). "The trouble with trying to read passages from the Adrian Mole diaries aloud is that you find yourself laughing so hard you can't go on." —The Kansas City Star "Townsend's wickedly funny novels are another reason to be grateful for the right of free speech." —San Francisco Chronicle

The Monarchy has been dismantled When a Republican party wins the General Election, their first act in power is to strip the royal family of their assets and titles and send them to live on a housing estate in the Midlands. Exchanging Buckingham Palace for a two-bedroomed semi in Hell Close (as the locals dub it), caviar for boiled eggs, servants for a social worker named Trish, the Queen and her family learn what it means to be poor among the great unwashed. But is their breeding sufficient to allow them to rise above their changed circumstance or deep down are they really just like everyone else? 'No other author could imagine this so graphically, demolish the institution so wittily and yet leave the family with its human dignity intact.' The Times 'Absorbing, entertaining . . . the funniest thing in print since Adrian Mole.' Ruth Rendell, Daily Telegraph 'Kept me rolling about until the last page.' Daily Mail www.suetownsend.com

A play by one of Britain's best-selling writers "Set in the year 2001 where the class system is numbered from one to five and only the upperclasses are allowed to breed, Ten Tiny Fingers, Nine Tiny Toes is about the births of a perfect but illegal 'class five' baby, and an imperfect 'government' baby bought by a 'class three' mother and exterminated at birth because of her nine toes...compulsive viewing...insanity is served up as commen sense - to sinister effect." Kate Kellaway, Observer

"Townsend's wit is razor sharp" as her self-proclaimed intellectual adolescent hero continues his hilarious angst-filled secret diary (TheMirror). I can't wait until I am fully mature and can make urban conversation with intellectuals. Growing up among inferiors in Great Britain isn't easy for a sensitive fifteen-year-old "poet of the Midlands" like Adrian Mole, considering everything in the world is conspiring to scar him for life: His hormones are in a maelstrom; his mother is pregnant (at her age!); his girlfriend, Pandora, is in shutdown; radio stardom isn't panning out; he's become allergic to non-precious metals; and passing his exams is as dire a crisis as the Falkland Islands. From weathering a profound but shaky romance with the love of his life to negotiating his parents' reconciliation to writing his poetry on restroom walls (why on earth did he sign his name?), "Adrian Mole is as engaging as ever" (Time Out). The sequel to the beloved TheSecret Diary of Adrian Mole Aged 13¼ continues Adrian's chronicle of angst, which has sold more than twenty million copies worldwide, and been adapted for television and staged as a musical. Adrian Mole is truly "a phenomenon" (The Washington Post).

What if being Royal was a crime? Queen Camilla is the brilliantly funny sequel to The Queen and I by bestselling author Sue Townsend The UK has come over all republican. The Royal Family exiled to an Exclusion Zone with the other villains and spongers. And to cap it all, the Queen has threatened to abdicate. Yet Prince Charles is more interested in root vegetables than reigning ... unless his wife Camilla can be Queen in a newly restored monarchy. But when a scoundrel who claims to be the couple's secret lovechild offers to take the crown off their hands, the stage is set for a right Royal show down. And the question for Camilla (and rest of the country) will be: Queen of the vegetable patch or Queen of England? Bestselling author Sue Townsend has been Britain's favourite comic writer for over three decades. 'Brilliantly satirical' Evening Standard 'One of our finest living comic writers' The Times 'Brilliantly funny' Closer 'Another fantastic read from Townsend' OK!

From the bestselling author of the Adrian Mole series and The Woman who Went to Bed for a Year comes a brilliant, laugh-out-loud satire on modern Britain and the battle of the sexes 'There are two things that you should know about me immediately: the first is that I am beautiful, the second is that yesterday I killed a man. Both things were accidents . . .' When Midlands housewife Coventry Dakin kills her neighbour in a wild bid to prevent him from strangling his wife, she goes on the run. Finding herself alone and friendless in London she tries to lose herself in the city's maze of streets. There, she meets a bewildering cast of eccentric characters. From Professor Willoughby D'Eresby and his perpetually naked wife Letitia to Dodo, a care-in-the-community inhabitant of Cardboard City, all of whom contrive to change Coventry in ways she could never have foreseen . . .
