Mission statement. Person-Centered and Experiential Psychotherapies
seeks to create a dialogue among different parts of the person-centered
and experiential tradition, to support, inform, and challenge each other
and to stimulate their creativity and impact in a broader professional,
scientific and political context. The mission of the journal is thus to
encourage, and disseminate worldwide, new work on person-centered
and experiential therapies, including philosophy, theory, practice ...

PCEP Journal

Person-Centered Psychotherapies, by David Cain, is an essential
primer on client-centered non-directive therapy. Building on the
extensive body of work contributed by Carl Rogers, Cain explicates the
necessary and sufficient conditions for therapeutic personality change
in layman ' s language and illustrates their applications through brief
therapy session examples.

Practitioners such as Margaret Warner, Gary Prouty and, more recently, Kirshen Rundle have developed person-centred theory to describe phenomena and processes in a way that respects the individual. This understanding – for example of fragile process, dissociative process and pre-therapy – can enable practitioners to work with extremes of distress and disturbance.
