literary talent in a new direction with this crackling collection of takes on life and death in North America -- from his sweeping portrait of Grateful Dead culture to the deaths of Kurt Cobain, Marilyn Monroe and the middle class. For years, Coupland's razor-sharp insights into what it means to be human in an age of technology have garnered the highest praise from fans and critics alike. At last, Coupland has assembled a wide variety of stories and personal "postcards" about pivotal people and places that have defined our modern lives. Polaroids from the Dead is a skillful combination of stories, fact and fiction -- keen outtakes on life in the late 20th century, exploring the recent past and a society obsessed with celebrity, crime and death. Princess Diana, Nicole Brown Simpson and Madonna are but some of the people scrutinized.

A life without anger is attainable — if you understand *The Anger Fallacy*. Anger is everywhere — behind everything from road rage to wrap rage, domestic violence to international conflicts. People cling to their anger, as a tool of influence and a driver of revenge. But is anger really ever useful? And can we learn to overcome it? In this entertaining and ground-breaking book, two of Australia's leading clinical psychologists take a radical approach to anger management, exploding the irrational beliefs that fuel this noxious and misunderstood emotion. Through numerous examples from popular culture and the consulting room, and with a sizable dose of humour, the authors show how to combat anger by substituting empathy and understanding for righteous angry judgments. Along the way, readers
