The Angry Young Men movement, featuring such stars as Kingsley Amis, is perfectly illustrated through the iconic figure of Joe Lampton. The ruthlessly ambitious Joe Lampton rises swiftly from the petty bureaucracy of local government into the unfamiliar world of inherited wealth, fast cars and glamorous women. But the price of success is high, and betrayal and tragedy strike as Joe pursues his goals.

"Remember the name John Braine. You'll be hearing quite a lot about him. Room at the Top is his first novel and it is a remarkable one . . . it's a long time since we heard the hunger of youth really snarling and it's a good sound to hear again." - "Sunday Times" "The most discussed, debated and lauded first novel of the year." - "New York Times" "This novel is brilliant . . . The observation is shrewd and the emotion and the comedy are so true it hurts." - "Daily Express" Brought up amid squalor and poverty in a dead, ugly small town, young Joe Lampton has one ambition: to escape the anonymous, defeated crowd of "zombies" and make it to the top. Everything seems to be going according to plan when he moves to a new city, finds a good job and new friends, and inspires the love of a pretty girl with a rich father. Only one thing holds him back: his passionate affair with an older married woman. Forced to choose between true love and his ruthless pursuit of wealth and success, Joe will have to make a terrible decision, with violent and tragic consequences. "Room at the Top" (1957), the first novel by John Braine (1922-1986), earned widespread critical acclaim and was a runaway bestseller in England and America, running into dozens of printings and spawning a sequel and an Oscar-winning film adaptation. Still explosive more than half a century later, Braine's classic of the "Angry Young Men" movement returns to print in this edition, which features a new introduction by Janine Uteill and the original jacket art by John Minton.

First published in 1943, this is the story of the life of an internationally known personality --a woman of beauty and wit, and a patroness of the arts whose activities have always been discouraged and disheartened in life. It is an honest and revealing tale.

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as A Room of One's Own, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance - women and learning, writing and poverty - which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence - a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' - Kate Mosse, The Guardian 'Probably the most influential piece of non-fictional writing by a woman in this century.' - Hermione Lee, The Financial Times

Pre-order the latest chilling, unputdownable novel, from the Richard & Judy bestseller. A child who does not know her name... In 1903 fishermen find a wrecked boat containing a woman, who has been badly beaten, and a young girl. An ambulance is sent for, and the two survivors are taken to All Hallows, the imposing asylum, hidden deep on Dartmoor. The woman remains in a coma, but the little girl, Harriet, awakens and is taken to an attic room, far away from the noise of the asylum, and is put in the care of Nurse Emma Everdeen. Two motherless boys banished to boarding school... In 1993, All Hallows is now a boarding school. Following his mother's death and his father's hasty remarriage, Lewis Tyler is banished to Dartmoor, stripped of his fashionable clothes, shorn of his long hair, and left feeling more alone than ever. There he meets Isak, another lost soul, and whilst refurbishment of the dormitories is taking place, the boys are marooned up in the attic, in an old wing of the school. Cries and calls from the past that can no longer be ignored... All Hallows is a building full of memories, whispers, cries from the past. As Lewis and Isak learn more about the fate of Harriet, and Nurse Emma's desperate fight to keep the little girl safe, it soon becomes clear there are ghosts who are still restless. Are they ghosts the boys hear at night in the room above, are they the unquiet souls from the asylum still caught between the walls? And can Lewis and Isak bring peace to All Hallows before the past breaks them first... Praise for Louise Douglas 'A brilliantly written, gripping, clever, compelling story, that I struggled to put down. The vivid descriptions, the evocative plot and the intrigue that Louise created, which had me constantly asking questions, made it a highly enjoyable, absolute treasure of a read.' Kim Nash on The Scarlet Dress 'A tender, heart-breaking, page-turning read' Rachel Hore on The House by the Sea 'The perfect combination of page-turning thriller and deeply emotional family story. Superb.' Nicola Cornick on The House by the Sea 'Kept me guessing until the last few pages and the explosive ending took my breath away.' C.L. Taylor, author of The Accident on Your Beautiful Lies 'Beautifully written, chillingly atmospheric and utterly compelling, The Secret by the Lake is Louise Douglas at her brilliant best' Tammy Cohen, author of The Broken 'A master of her craft, Louise Douglas ratchets up the tension in this haunting and exquisitely written tale of buried secrets and past tragedy.' Amanda Jennings, author of Sworn Secret 'A clummy, atmospheric and suspenseful novel, it builds in tension all the way through to the startling final pages.' Sunday Express, 8 Magazine

A stark, unbridled vision of planet Earth on the brink of collapse, and the inspiration behind the classic sci-fi film, Soylent Green. At the close of the twentieth century, a planet overwhelmed by rampant overpopulation teeters on the edge of self-destruction. In New York City alone, 35 million people are squeezed into its packed boroughs, scrambling like rats for the world's dwindling resources. The only food available is a product called Soylent. And while the government tries to maintain order, the rich get richer and the poor stay underfoot. Finding a killer in this broken world is one hell of a job. But that's exactly what detective Andy Rusch has been assigned to do. If he can stay alive long enough, he might just solve the biggest case he's ever been on--unless humanity finally fulfills its promise and destroys itself first.
