SAFE PATIENT HANDLING AND MOBILITY (SPHM) TECHNOLOGY
The VA National Center for Patient Safety was established in 1999 to develop and nurture a culture of safety throughout the Veterans Health Administration. We are part of the VA Office of Quality, Safety and Value. Our goal is the nationwide reduction and prevention of inadvertent harm to patients as a result of their care. Patient safety managers at 168 VA medical centers and patient safety officers at 21 VA regional headquarters participate in the program.
