Education Law, Sixth Edition provides a comprehensive survey of the legal problems and issues confronting school leaders, teachers, and policymakers today. Court cases accompanied by explanation and analysis can help aspiring educators understand the subtlety and richness of the law. Accordingly, each of the 12 thematic chapters begins with an overview, concludes with a summary, and balances an explanation of the important principles of education law with actual court decisions to illuminate those issues most relevant for educational policy and practice. This updated and expanded Sixth Edition includes: Revision of case law, education policy, and citations to reflect the most recent decisions and developments in the field. Cases and commentary on key topics such as constitutional rights of students in public schools, school discipline, safety, and zero tolerance policies, school choice and parental rights claims, the regulation of charter schools and home-based education, cyberbullying and the regulation of online speech, racial and sexual harassment policies, and collective bargaining, unions, and working conditions. eResources accessible at www.routledge.com/9780367195250 include a Glossary for students, Chapter Outlines and Abstracts for instructors, as well as Tables of Cases.

Maryland School Law Deskbook is a concise and accessible guide written by experienced education law attorneys, and published in cooperation with the Maryland Association of Boards of Education (MABE). It offers current and authoritative information on legal issues facing schools within the context of state and federal education law. This is the essential desk reference for school administrators, school board members, superintendents, education professionals, and attorneys. The Deskbook includes 16 chapters on key topics such as: □ Local School Board Roles and Responsibilities □ State Role in Education □ Federal Role in Education □ Budget and Finance □ School Facilities, Student Transportation, and Health

and Safety □ Employee Relations and Rights □ Employee Discipline and Dismissal □ No Child Left Behind Act □ Tort, Liability and Insurance Issues □ Student Attendance, Instruction, and Records □ Student Discipline/Search and Seizure □ Student Speech, Press and Dress □ Church/State Relations and Equal Access Act □ Student Classifications and Diversity Issues □ Educating Students with Disabilities □ Public Charter Schools and Public School Alternatives New in the 2013-2014 Edition: □ New School Safety Initiatives: facility upgrades, emergency plans, and School Safety Center □ Changes to the Open Meetings Act affecting all local Boards of Education □ New Concussions in Athletics and Heat Acclimatization Standards □ Consideration of the new Supreme Court ruling on School Diversity Plans □ Update on the School Construction Funding Process □ New Dual Enrollment Law and Funding Requirements □ New College and Career Readiness Law and the impact on schools □ Review of new Student Speech and Religious Expression cases The eBook version of this title feature links to Lexis Advance for further legal research options.

Education Law, 5th Edition provides a comprehensive survey of the legal problems and issues that confront school administrators and policymakers today. This textbook is organized around the belief that students need to read court cases to understand the subtlety and richness of the law, but for legal neophytes, cases without discussion and interpretation are often too difficult to comprehend. Thus, the text balances an explanation of the important principles of education law, with actual court decisions to illuminate these concepts. The court decisions are carefully edited to highlight issues most relevant to administrators, and each chapter explores implications for policy and practice. New in the Fifth Edition: Additional content on bullying, student privacy, free speech rights, teacher evaluation, collective bargaining, and issues relating to Internet and technology. Revision of materials dealing with education policy and updating of references and case law throughout. A companion website with materials for students and instructors, including links to full cases, a glossary of key concepts, and discussion questions to help students further engage with the content.

Over the past generation, the practice of legal nurse consulting has grown to include areas such as life care planning, risk management, and administrative law, as well as taking on a more diversified role in both criminal and civil law and courtroom proceedings. First published in 1997, *Legal Nurse Consulting, Principles and Practices* provided pro
