This teaching supplement gives you step-by-step support for integrating Holocaust study into your ELA curriculum by pairing articles from The Holocaust Reader with historical fiction, poetry, and a graphic novel.

The Apollo 11 astronaut invites young people to evaluate Mars as a potential planet for human colonization, and describes what Mars residents might experience while traveling to and living on the Red Planet.

Do you believe that people can change? Can a bank robber marry the banker ' s daughter without having any hidden thoughts and intentions? "A Retrieved Reformation" tells the story of Jimmy, a formal prisoner, who decides to quit violating the law in the name of love. He takes up a new identity and starts a new life as an honorable man. However he is about to face a choice which can cost him his future. Will he sacrifice himself in order to save a child in danger or he will prefer to keep his old identity in secret? William Sydney Porter, better known as O. Henry, was an American writer who lived in the late 19th century. He gains wide popularity with his short stories which often take place either in New York or some small American towns. The plot twists and the surprise endings are a typical and integral part of O. Henry ' s short stories. Some of his best known works are "The Gift of the Magi", "The Cop and the Anthem", "A Retrieved Reformation". His stories often deal with ordinary people and the individual aspects of life. As a result of the outstanding literature legacy that O. Henry left behind, there is an American annual award after his name, given to exceptional short stories.

Dad says because of the army he stood shoulder to shoulder with polar bears and watched the sun rise over the frozen fields of Alaska, which sounds really exciting. And because of the Army he slept in sludge, shoulder to shoulder with snakes and watched the sun set over the swamps of Alabama – which does not. In a timely, but not politically charged way, author Alan Madison looks at the way a family copes with having a parent away on a 100 day, 99 night military tour of duty through the eyes of the very loveable Esmerelda (Esme) Swishback McCarthur. Esme wants to be good while her dad is away. In fact, she feels like it's her duty to be good. But being good can be hard, especially if you have a little brother like Ike. By following Esme's story, as she awaits her father's return, readers will see how heroism can translate to every member of a family. Aside from the military families that this book serves, readers who wonder what it would be like if their mother, father, brother, or sister was sent away will relate to Esme's quiet strength and candor and will understand her worry about what could happen. This story has the potential to speak to readers on a personal level and to turn a concept that seems so hard to grasp--war--into one that feels much more personal.

Penned by the very first Crayon Activist, Bellen Woodard, this picture book will tug at readers' heartstrings and inspire them to make a difference! When Bellen Woodard ' s classmates referred to "the skin-color " crayon, in a school and classroom she had always loved, she knew just how important it was that everyone understood that " skin can be any number of beautiful colors. " This stunning picture book spreads Bellen ' s message of inclusivity, empowerment, and the importance of inspiring the next generation of leaders. Bellen created the More Than Peach Project and crayons with every single kid in mind to transform the crayon industry and grow the way we see our world. And Bellen has done just that! This moving book includes back matter about becoming a leader and improving your community just like Bellen. Her wisdom and self- confidence are sure to encourage any young reader looking to use their voice to make even great spaces better!

Fourteen-year-old Lincoln Mendoza, an aspiring basketball player, must come to terms with his divided loyalties when he moves from the Hispanic inner city to a white suburban neighborhood.

"On June 23, 2018, twelve young players of the Wild Boars soccer team and their coach enter a cave in northern Thailand seeking an afternoon's adventure. But when they turn to leave, rising floodwaters block their path out. The boys are trapped! Before long, news of the missing team spreads, launching a seventeen-day rescue operation involving thousands of rescuers from around the globe. Combining firsthand interviews of rescue workers with in-depth science and details of the region's culture and religion, [the author]...masterfully shows how both the complex engineering operation above ground and the mental struggles of the thirteen young people below proved critical in the life-or-death mission."--

From acclaimed author of A Wolf Called Wander, Rosanne Parry welcomes readers into the Heartland in this tender coming-of-age story. When Brother's dad is shipped off to Iraq, along with the rest of his reserve unit, Brother must help his grandparents keep the ranch going. He ' s determined to maintain it just as his father left it, in the hope that doing so will ensure his father ' s safe return. The hardships Brother faces will not only change the ranch, but also reveal his true calling.

The New York Times bestselling guide to thinking like literature's greatest detective. "Steven Pinker meets Sir Arthur Conan Doyle" (Boston Globe), by the author of The Confidence Game. No fictional character is more renowned for his powers of thought and observation than Sherlock Holmes. But is his extraordinary intellect merely a gift of fiction, or can we learn to cultivate these abilities ourselves, to improve our lives at work and at home? We can, says psychologist and journalist Maria Konnikova, and in Mastermind she shows us how. Beginning with the " brain attic " —Holmes ' s metaphor for how we store information and organize knowledge—Konnikova unpacks the mental strategies that lead to clearer thinking and deeper insights. Drawing on twenty-first-century neuroscience and psychology, Mastermind explores Holmes ' s unique methods of ever-present mindfulness, astute observation, and logical deduction. In doing so, it shows how each of us, with some self-awareness and a little practice, can employ these same methods to sharpen our perceptions, solve difficult problems, and enhance our creative powers. For Holmes aficionados and casual readers alike, Konnikova reveals how the world ' s most keen-eyed detective can serve as an unparalleled guide to upgrading the mind.

Recounts the events of superstorm Hurricane Sandy and the devastation it caused in the New York metropolitan area, discusses the longterm effects of the storm on the urban environment, and describes the rebuilding efforts.
