traces the path of
sexuality in England, and
shows how its route was
determined by the
gradual exertion of
control over fertility.

Most sexual activity had
major economic and
social costs, the most
fundamental of which
was the physical cost of
children upon women's
bodies. Around 1800
birth rates reached

historical heights. Using a combination of demographic and qualitative sources, Dr Cook examines the connection between the struggle to lower fertility and the increasing repression of sexuality throughout the nineteenth century. Contraception became a viable option in the early twentieth century. The
