The Battle for Skandia is
the fourth book in the
Ranger's Apprentice series.
What can I say? These books
are just incredibly relaxing
for me to read. Flawed but
endearing characters, easy
but exciting plots. I don't
have to think and can just
enjoy it. Though in this
particularly there were some
things I would have liked
differently.

In Horace's world, that was what Rangers did best, and the best thing a warrior apprentice could do was let the Ranger get on with thinking while a warrior took care of walloping anyone who needed to be walloped along the way. He settled back in the saddle, contented with his lot in life." ? John Flanagan, The Battle for Skandia
