From the author of *The Death of Vishnu*, "a big, pyrotechnic...ambitious...ingenious" (Wall Street Journal) novel. Mumbai has emptied under the threat of imminent nuclear annihilation; gangs of marauding Hindu and Muslim thugs rove the desolate streets; yet Sarita can think of only one thing: buying the last pomegranate that remains in perhaps the entire city. She is convinced that the fruit holds the key to reuniting her with her physicist husband, Karun, who has been mysteriously missing for more than a fortnight. Searching for his own lover in the midst of this turmoil is Jaz—cocky, handsome, and glib. "The Jazter," as he calls himself, is Muslim, but his true religion has steadfastly been sex with men. Dodging danger at every step, both he and Sarita are inexorably drawn to Devi ma, the patron goddess who has reputedly appeared in person to save her city. What they find will alter their lives more fundamentally than any apocalypse to come. A wickedly comedic and fearlessly provocative portrayal of individuals balancing on the sharp edge of fate, *The City of Devi* brilliantly upends assumptions of politics, religion, and sex, and offers a terrifying yet exuberant glimpse of the end of the world.

Vishnu, the odd-job man in a Bombay apartment block, lies dying on the staircase landing. Around him the lives of the apartment dwellers unfold - the warring housewives on the first floor, the lovesick teenagers on the second, and the widower, alone and quietly grieving at the top of the building. In a fevered state Vishnu looks back on his love affair with the seductive Padmini and comedy becomes tragedy as his life draws to a close.

India, 1955. As the scars of Partition are beginning to heal, seventeen-year-old Meera sits enraptured: in the spotlight is Dev, singing a song so infused with passion that it arouses in her the first flush of erotic longing. But when Meera's reverie comes true, it does not lead to the fairy-tale marriage she imagined. Meera has no choice but to obey her in-laws, tolerate Dev's drunken night-time fumbings, even observe the most arduous of Hindu fasts for his longevity. A move to Bombay seems at first like a fresh start, but soon that dream turns to ashes. It is only when their son is born that things change and Meera is ready to unleash the passion she has suppressed for so long.

"Steeped in the tradition of the Indian epic, yet modern and vastly entertaining." —The Times (London) In her fiction debut, Alice Albinia weaves a multithreaded epic tale that encompasses divine saga and familial discord and introduces an unforgettable heroine. Leela—alluring, taciturn, haunted—is moving from New York back to Delhi. Worldly and accomplished, she has been in self-imposed exile from India and her family for decades; twenty-two years earlier, her sister was seduced by the egotistical Vyasa, and the fallout from their relationship drove Leela away. Now an eminent Sanskrit scholar, Vyasa is preparing for his son's marriage. But when Leela arrives for the wedding, she disrupts the careful choreography of the weekend, with its myriad attendees and their conflicting desires. Gleefully presiding over the drama is Ganesh—divine, elephant-headed scribe of the Mahabharata, India's great epic. The family may think they have arranged the wedding for their own selfish ends, but according to Ganesh it is he who is directing events—in a bid to save Leela, his beloved heroine, from Vyasa. As the weekend progresses, secret online personas, maternal identities, and poetic authorships are all revealed; boundaries both religious and continental are crossed; and families are ripped apart and brought back together in this vibrant and brilliant celebration of family, love, and storytelling.

Long-listed for the Man Booker Prize, a novel about violence, love, and religion in modern India On a train bound for the seaside town of Jarmuli, known for its temples, three elderly women meet a young documentary

filmmaker named Nomi, whose braided hair, tattoos, and foreign air set her apart. At a brief stop en route, the women witness a sudden assault on Nomi that leaves her stranded as the train pulls away. Later in Jarmuli, among pilgrims, priests, and ashrams, the women disembark only to find that Nomi has managed to arrive on her own. What is someone like her, clearly not a worshipper, doing in this remote place? Over the next five days, the women live out their long-planned dream of a holiday together; their temple guide pursues a forbidden love; and Nomi is joined by a photographer to scout locations for a documentary. As their lives overlap and collide, Nomi's past comes into focus, and the serene surface of the town is punctured by violence and abuse as Jarmuli is revealed as a place with a long, dark history that transforms all who encounter it. A haunting, vibrant novel that was long-listed for the Man Booker Prize and the DSC Prize for South Asian Literature and short-listed for the Hindu Literary Prize, Anuradha Roy's *Sleeping on Jupiter* is a brilliantly told story of contemporary India from an internationally acclaimed writer.

The magnificent new novel from the million-selling Booker Prize-winning author of *The White Tiger*: one of the most eagerly anticipated literary novels of 2011—"a kaleidoscopic portrait of a changing Mumbai." — *Guardian* (Best Books of 2011) Ask any Bombaywallah about Vishram Society--Tower A of the Vishram Co-operative Housing Society--and you will be told that it is unimpeachably pucca. Despite its location close to the airport, under the flight path of 747s and bordered by slums, it has been pucca for some fifty years. But Bombay has changed in half a century--not least its name--and the world in which Tower A was first built is giving way to a new city; a Mumbai of development and new money; of wealthy Indians returning with fortunes made abroad. When real estate developer Dharmen Shah offers to buy out the residents of Vishram Society, planning to use the site to build a luxury apartment complex, his offer is more than generous. Initially, though, not everyone wants to leave; many of the residents have lived in Vishram for years, and many of them are no longer young. But none can benefit from the offer unless all agree to sell. As tensions rise among the once civil neighbours, one by one those who oppose the offer give way to the majority, until only one man stands in Shah's way: Masterji, a retired schoolteacher, once the most respected man in the building. Shah is a dangerous man to refuse, but as the demolition deadline looms, Masterji's neighbours--friends who have become enemies, acquaintances turned co-conspirators--may stop at nothing to score their payday. A suspense-filled story of money and power, luxury and deprivation, and a rich tapestry peopled by unforgettable characters, not least of which is Bombay itself, *Last Man in Tower* opens up the hearts and minds of the inhabitants of a great city--ordinary people pushed to their limits in a place that knows none. This eBook edition includes a Reading Group Guide.

Forging superstitious beliefs about his destiny after barely escaping two historical disasters, a guilt-stricken Karom Seth visits his girlfriend's family in Delhi, where a wise grandmother helps him to find the clarity he seeks. Original. A first novel.

In this carefully researched and finely written work, Jeremy Seabrook deals with subjects rarely discussed in Western narratives about South Asia. Going beyond a straightforward contextualisation of the gaoi (lady-boys) in Thailand and the hijara (eunuchs) of India, he unravels the less familiar and more complex territory of homosexual and homoerotic encounters in general, and asks how valid Western models of sexual identity are in the South Asian context, and how effective they might be in dealing with global issues of sexual health, HIV awareness and gender politics. Much of the book is based on interviews which reveal the extent of the complexity at play: wives who traditionally vacate the marital bed to accommodate their husbands' friends; kotis—"passive" male sex partners of men—many of whom will be married but see their relations with the kotis as fulfilling their destinies as males; the fundamentalist politicians who curse the Western influence of "gay liberation" and continue to justify the punishment of life imprisonment for homosexuality; and the activist groups who are working towards a clearer and more helpful understanding of contemporary issues. The first work of its kind on India, *Love in a Different Climate* reveals how a traditional shrouding in mystery of sexual difference is slowly but surely giving way to a more open and essentially local celebration of that difference.
