Life is funny sometimes. And not always the ha, ha kind. Like that one time where a hot guy tried to kiss me and I fell. Down. Hard. And then found out I had cancer. I ' m trying to be strong for my friends and my mom. And I ' m trying so hard to be " just friends " with that hot guy, even though he seems to want so much more. But I won ' t do that to him. Don ' t cry Ellie, because once I start, I might not stop.

This Jade World centers on a Thai American who has gone through a series of life changes. Ira Sukrungruang married young to an older poet. On their twelfth anniversary, he received a letter asking for a divorce, sending him into a despairing spiral. How would he define himself when he was suddenly without the person who shaped and helped mold him into the person he is? After all these years, he asked himself what he wanted and found no answer. He did not even know what wanting meant. And so, in the year between his annual visits to Thailand to see his family, he gave in to urges, both physical and emotional; found comfort in the body, many bodies; fought off the impulse to disappear, to vanish; until he arrived at some modicum of understanding. During this time, he sought to obliterate the stereotype of the sexless Asian man and began to imagine a new life with new possibilities. Through ancient temples and the lush greenery of Thailand, to the confines of a stranger ' s bed and a devouring couch, This Jade World chronicles a year of mishap, exploration and experimentation, self-discovery, and eventually, healing. It questions the very nature of love and heartbreak, uncovering the vulnerability of being human.

" The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational. " —Kevin Kwan, author of Crazy Rich Asians Amy Tan ' s beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary Amy Tan: Unintended Memoir on Netflix Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.
