The Skin Map is a great start to it...but I will say it is merely a start. Though there is some resolution at the end, the grander conflicts Lawhead introduces have merely become intertwined quite thoroughly by the end. He is a masterful storyteller, and it shows.

The Skin Map (Bright Empires): Lawhead, Steve ...

The Skin Map is part of his five-book Bright Empires series, so there is plenty more to this adventure. All in all, I found The Skin Map to be a delightful story that showed a lot of promise for the series. It's also further proof that Stephen R. Lawhead is among the great writers of historical fantasy right now.

The Skin Map (Bright Empires, #1) by Stephen R. Lawhead

It is necessary to read the entire Bright Empires series to get the plot line, which really only kicks off at the end of The Bone House, with the Skin Map being merely an introduction to the whole series and which establishes some plot parameters, but beyond a single reference does not make clear what is truly at stake in the whole story.

The Skin Map (Bright Empires Series #1) It is the ultimate quest for the ultimate treasure. Chasing a map tattooed on human skin. Across an omniverse of intersecting realities.

The Bright Unknown by Elizabeth Byler Younts, Devon O'Day ...

"The Skin Map" is the first book in the "Bright Empires" series that came out in 2010. Kit Livingston's great-grandfather (named Coismo) visits him in an alley during a very bad storm in London, and tells him that ley lines that are going through Britain are not the hobby of the deluded, or the stuff of legend.

Bright Empires - Book Series In Order

The key is the Skin Map—but where it leads and what it means, Kit has no idea. The pieces have been scattered throughout this universe and beyond. Mina, from her outpost in seventeenth-century Prague, is quickly gaining both the experience and the means to succeed in the quest.

Books similar to The Skin Map (Bright Empires, #1)

Stephen Lawhead has started a new fantasy series called Bright Empires, beginning with the book The Skin Map. I read this quite quickly and will probably take the next one out of the library when it is released, but it isn't that memorable. Compared to the last book I read, characterization is virtually non-existent and the story flies.
