Nejprve jsem si říkal, proč tam Simmons toho netvora dával, vždyť by mu k dosažení stejné intenzivního účinku bohatě stačila realita - všudypřítomný mráz a led, tma, nedostatek potravin a hlavně lidský faktor. Když do toho ale v závěru vložil eskymáckou mytologii, došlo mi, že ta potvůrka tam není jen, ba ani hlavně, pro zvýšení emocionálního účinku ...

"THE TERROR is both dazzling history and a sparkling chiller." Caroline Leavitt - People "THE TERROR is nothing less than a revelation. Dan Simmons is a giant among novelists, and I am in awe of his achievement." Lincoln Child. The best and most unusual historical novel I have read in years. - Boston Globe. Katherine A. Powers

The "masterfully chilling" novel that inspired the hit AMC series (Entertainment Weekly). The men on board the HMS Terror - part of the 1845 Franklin Expedition, the first steam-powered vessels ever to search for the legendary Northwest Passage - are entering a second summer in the Arctic Circle without a thaw, stranded in a nightmarish landscape of encroaching ice and darkness. Endlessly cold, they struggle to survive with poisonous rations, a dwindling coal supply, and ships buckling in the grip of crushing ice. But their real enemy is even more terrifying. There is something out there in the frigid darkness:

an unseen predator stalking their ship, a monstrous terror clawing to get in. "The best and most unusual historical novel I have read in years." -Katherine A. Powers, Boston Globe

Suspense fiction. The men on board Her Britannic Majesty's Ships Terror and Erebus had every expectation of triumph. They were part of Sir John Franklin's 1845 expedition - as scientifically advanced an enterprise as had ever set forth - and theirs were the first steam-driven vessels to go in search of the fabled North-West Passage. But the ships have now been trapped in the Arctic ice for nearly two years. Coal and provisions are running low. Yet the real threat isn't the constantly shifting landscape of white or the flesh-numbing temperatures, dwindling supplies or the vessels being slowly crushed by the unyielding grip of the frozen ocean. No, the real threat is far more terrifying. There is something out there that haunts the frigid darkness, which stalks the ships, snatching one man at a time - mutilating, devouring. A nameless thing, at once nowhere and everywhere, this terror has become the expedition's nemesis. When Franklin meets a terrible death, it falls to Captain Francis Crozier of HMS Terror to take command and lead the remaining crew on a last, desperate attempt to flee south across the ice. With them travels an Eskimo woman who cannot speak. She may be the key to survival - or the harbinger of their deaths. And as scurvy, starvation and madness take their toll, as the Terror on the ice become evermore bold, Crozier and his men begin to fear there is no escape.

The bestselling novel, "a brilliant, massive combination of history and supernatural horror" (Stephen King) is now a major TV series. The men on board the HMS Terror have every expectation of finding the Northwest Passage. But what they don't expect is a monstrous predator lurking behind the Arctic ice. When the expedition's leader, Sir John Franklin, meets a horrifying end, Captain Francis Crozier takes command, leading his surviving crewmen on a last desperate attempt to flee south across the ice. But another winter is rapidly approaching, and with it, scurvy and starvation. Crozier and his men may find that there is no escaping the terror stalking them southward. And with the crushing cold and the fear of almost certain death at their backs, the most horrifying monster among them may be each other.

They arrange funding from the grieving Lady Bromley, whose son also disappeared on Mt. Everest in 1924. Young Bromley must be dead, but his mother refuses to believe it and pays the trio to bring him home. Deep in Tibet and high on Everest, the three climbers -- joined by the missing boy's female cousin -- find themselves being pursued through the night by someone . . . or something. This nightmare becomes a matter of life and death at 28,000 feet - but what is pursuing them? And what is the truth behind the 1924 disappearances on Everest? Seamlessly weaving together the stories of Paha Sapa, Custer, and the American West, Dan Simmons depicts a tumultuous time in the history of both Native and white Americans. Haunted by Custer's ghost, and also by his ability to see into the memories and futures of legendary men like Sioux war-chief Crazy Horse, Paha Sapa's long life is driven by a dramatic vision he experienced as a boy in his people's sacred Black Hills. In August of 1936, a dynamite worker on the massive Mount Rushmore project, Paha Sapa plans to silence his ghost forever and reclaim his people's legacy-on the very day FDR comes to Mount Rushmore to dedicate the face.
