In this fully illustrated book, Fumio Demura explores the full range of tonfa tactics including stances, karate and tonfa similarities, tonfa striking techniques, and self-defense applications. Demura is a member of Black Belt's Hall of Fame.

In this definitive book on advanced tonfa techniques, weapons expert Tadashi Yamashita covers gripping, flipping, blocking, striking, block and counter, a karate kata adapted for tonfa, kumite, self-defense and a traditional tonfa kata.

The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known marital arts figure in the world.

This book, written by an experienced German police officer and a long-time active martial artist, is structured professionally and purposefully. This is not about individual tonfa tricks, but rather simple solutions to the question: How can critical situations-with the involvement of the Tonfas-be successfully managed? This book is a good tool for those who want to achieve the training goal of effectively preventing attacks against themselves and their colleagues while maintaining legality. The first book of the author, Tonfa for police, security and Bundeswehr dealt with the basic techniques and the laws to be observed in Germany. This book deals with the practical application. The TONFA is not considered in isolation, but is combined with practice-proven martial arts techniques. If you take the book with you for training, you want to be able to immediately recognize how the presented technique sequences are to be executed. That is why all technique combinations have been designed to be overseable and quickly understandable. The integrated detailed and background knowledge is important and helps to be able to use the Tonfa even more efficiently. These include topic-related research results from conflict research and well-explanatory quotes from international martial arts experts on the subject of dueling. Content: Task-related tonfa handling, keeping people away, arresting and transporting techniques, effective blocks in conjunction with meaningful counterattacks, training tips and suggestions on the subject of a sudden knife attack.
