Amazon.com: Customer reviews: Trafalgar: The Nelson Touch ...

Nelson is portrayed as a leader with uncommon touch for bold military strategy and even more uncommon touch for leading men with affection and rapport. This was very unusual in 1800. This book also portrays the battle of Trafalgar in the terrible ways of naval battle with 800 men ships demolishing each other at point blank

Trafalgar: The Nelson Touch (GREAT BATTLES): Amazon.co.uk ... Nelson, painted posthumously in 1853 by Charles Lucy While on shore leave in England, during the summer of 1805; Nelson told his friend, Lord Sidmouth, about his ideas for his next sea battle.

Trafalgar The Nelson Touch Great Battles

The battle of Trafalgar decided a nation's fate, and this fascinating account tells the story of that crucial confrontation as it has never been told before. Many people know the facts about Nelson's death, but far less of the battle in which he died: a single afternoon's fighting that forever ended Napoleon's hope of invading England.

While on shore leave, in August 1805, Nelson told his friend, Lord Sidmouth, about his ideas for his next sea battle. This collection of ideas he dubbed the Nelson Touch. Nelson planned to divide his fleet into three sections. The largest part would engage closely with one section of the enemy's fleet crushing it with greater numbers. The other ships, sailing in two columns, would cut the enemy line and prevent them from coming to the aid of their comrades.

when the Royal Sovereign opened fire, through the French sharpshooters that took aim at the resplendent Nelson as he paced the deck of his flagship Victory in the heat of battle.

Trafalgar - The Nelson touch: howarth, David: Amazon.com ...

The book touches upon Nelson's personal life, but more so Nelson's admiration of his shipmates in the Royal Navy fleet, and the impact and aftermath of his demise after the Battle of Trafalgar. The details and placement of the ships throughout the battle is necessarily dry and slows the read a bit, but it brings with it the understanding of how the fleet was devastated by storm after the battle.

in action was daring and direct, a paramount naval genius and a natural born predator. Now, in *The Nelson Touch*, novelist Terry Coleman provides a superb portrait of Britain's most revered naval figure. Here is a vivid account of Nelson's life, from his childhood and early career at sea--where a high-placed uncle helped speed his advancement to post captain--to gripping accounts of his greatest sea battles. Readers will witness the Battle of the Nile, where Nelson crushed a French squadron of thirteen ships of the line, and the Battle of Trafalgar, where he died at the moment of his greatest triumph. What emerges is a man of strength of mind amounting to genius, frequently generous, always fascinated with women, often uneasy with his superior officers, and absolutely fearless. Nelson was a ruthless commander, whose instinct was not just to defeat the enemy but to annihilate him. Sure to appeal to readers of Patrick O'Brian and other seafaring fiction, as well as all military history and naval history buffs, this is a superbly written biography that gives readers the texture and feel of this magnificent life.

An account of the British naval commander's life and career explores his leadership style, his victory against the Spanish fleet at Cape St. Vincent, and his relationships with women and family members.

Ark Royal – the Royal Navy's outdated space carrier – has won a smashing victory

against the enigmatic aliens, capturing one of their starships and returning to Earth. Now, Admiral Theodore Smith and his crew are assigned to command a fleet charged with making a deep-penetration raid into alien territory, a fleet made up of carriers from four different nations. But with a crewman who isn't what he seems, untested pilots and international friction – and a new and dangerous alien plan – can Ted and his crew survive their mission ... or will they die, alone and unremarked, hundreds of light years from home?
