Louis Antoine de Noailles, Archbishop of Paris, extensively modified the roof of Notre-Dame in 1726, renovating its framing and removing the gargoyles with lead gutters. Noailles also strengthened the buttresses, galleries, terraces, and vaults. In 1756, the cathedral’s canons decided that its interior was too dark. The medieval stained glass windows, except the rosettes, were removed and ...

Under the Roofs of Paris (1930)

Books on Paris are legion, but there is virtually none devoted to its rooftops and the vistas they look out into. Rooftops of Paris is an invitation to travel to a new and unfamiliar territory in a city filled with time-honoured historical and cultural icons that many are so familiar with. This volume of quirky but charming artworks provides a view of Paris as seen from its rooftops by illustrator Fabrice Moireau and writer Carl Norac. Moireau undertakes a close study of Paris, surveying it at rooftop level with an entomologists eye for detail. In this book, he captures in watercolour the citys lesser known nooks and crannies, alongside the famous landmarks, offering unusual angles and new ways of seeing an iconic city. This other side of Paris this levitated, almost unreal world is an extravagant mass of ingenious shapes and forms that give protection from rain, wind and architectural monotony. The captions accompanying the paintings are rendered in Moireaus own handwriting while the evocative and poetical text was crafted by Norac, an award-winning poet, playwright and author of childrens books. The writer goes beyond prosaic description to capture some of the wild and poetic imaginings inspired by these rooftops.

Under the Roofs of Paris (1930)

Under the Roofs of Paris (1930)

Unsuspected by passers-by, the rooftops of Paris are rich in gardens that float between the elegant streets and the sky. From "up here" fortunate Parisiennes cultivate elegant gardens and enjoy spectacular views of landmarks of their city-some can even dive into a pool. "Paris Roof Terraces "opens the reader to an unexpected facet of Paris living. The owners of these green havens-like top designer Andree Putman and Siki, the celebrity jeweler-reveal their rooftop garden design secrets and experience: how they choose plants; how they succeed in creating and maintaining a luscious green universe; and what their roof gardens mean to them. Their way of creating a small terrace or garden can be simple-a few strands of ivy curled around a terracotta pot, wisteria growing on a trellis-but the effect, as always in France, is to create a stunning sense of style bursting with color and vitality. Lavishly illustrated with specially commissioned photographs, "Paris Roof Terraces" provides a visual treat and a source of inspiration for all those interested in gardening in a city environment, or who simply dream of a private space of their own in the City of Light.

Under the Roofs of Paris (1930)

When authorities threaten to take Sophie, twelve, from Charles who has been her guardian since she was one and both survived a shipwreck, the pair goes to Paris to try to find Sophie's mother, and they are aided by Matteo and his band of "rooftoppers."

Under the Roofs of Paris (1930)

In a cemetery on the outskirts of Paris lie the bodies of a hundred of what many have called the first casualties of global climate change. They are the so-called abandoned or forgotten victims of the worst natural disaster in French history, the devastating heat wave that struck France in August 2003, leaving 15,000 people dead. They are those who died alone in Paris and its suburbs, buried at public expense when no family claimed their bodies. They died (and to a great extent lived) unnoticed by their neighbors, discovered in some cases only weeks after their deaths. And as with the victims of Hurricane Katrina, they rapidly became the symbols of the disaster for a nation wringing its hands over the mismanagement of the heat wave and the social and political dysfunctions it revealed. "Chasing Ghosts" tells the stories of these victims and the catastrophe that took their lives. It explores the official story of the crisis and its aftermath, as presented by the media and the state; the anecdotal lives and deaths of its victims, and the ways in which they illuminate and challenge typical representations of the disaster; and the scientific understandings of catastrophe and its management. It is at once a social history of risk and vulnerability in the urban landscape, and an ethnographic account of how a city copes with dramatic change and emerging threats.

Under the Roofs of Paris (1930)

ORPHAN, CLOCK KEEPER, AND THIEF, twelve-year-old Hugo lives in the walls of a busy Paris train station, where his survival depends on secrets and anonymity. But when his world suddenly interlocks with an eccentric girl and her grandfather, Hugo's undercover life, and his most precious secret, are put in jeopardy. A cryptic drawing, a treasured notebook, a stolen key, a mechanical man, and a hidden message from Hugo's dead father form the backbone of this intricate, tender, and spellbinding mystery.

Under the Roofs of Paris (1930)

After years of living vicariously through the heroines in her novels, bestselling author Eloisa James takes a leap that most of us can only daydream about. She sells her house, leaves her job as a Shakespeare professor, and packs her husband and two protesting children off to Paris. Grand plans are abandoned as she falls under the spell of daily life as a Parisienne — exquisite food, long walks by the seine, reading in bed, displays of effortless chic around every corner, and being reminded of what really matters in a place where people seem to kiss all the time. Against one of the world ’ s most picturesque backdrops, she copes with her Italian husband ’ s notions of quality time; her two hilarious children, ages eleven and fifteen, as they navigate schools — not to mention puberty — in a foreign language; and her formidable mother-in-law, marina, who believes dogs should be fed prosciutto and wives should live in the kitchen. An irresistible love letter to a city that will make you want to head there, Paris in Love is also a joyful testament to the pleasures of savouring life.

Under the Roofs of Paris (1930)

In Paris in the Dark Eric Smoodin takes readers on a journey through the streets, cinemas, and theaters of Paris to sketch a comprehensive picture of French film culture during the 1930s and 1940s. Drawing on a wealth of journalistic sources, Smoodin recounts the ways films moved through the city, the favored stars, and what it was like to go to the movies in a city with hundreds of cinemas. In a single week in the early 1930s, moviegoers might see Hollywood features like King Kong and Frankenstein, the new Marlene Dietrich and Maurice Chevalier movies, and any number of films from Italy, Germany, and Russia. Or they could frequent the city’s cin é -clubs, which were hosts to the cin é phile subcultures of Paris. At other times, a night at the movies might result in an evening of fascist violence, even before the German Occupation of Paris, while after the war the city’s cinemas formed the space for reconsolidating French film culture. In mapping the cinematic geography of Paris, Smoodin expands understandings of local film exhibition and the relationships of movies to urban space.
