A poetic evaluation of the connection between human society and the natural world is a part-travelogue, symbolic tour of the earth's elements that explores "wildness" as an essential character of life. By the award-winning author of *A Sideways Look at Time*.

Jay Griffiths describes an extraordinary odyssey, courageous and sometimes dangerous, to wildernesses of earth and ice, water and fire. A poetic consideration of the tender connection between human society and wild lands, *Wild* is by turns funny, touching and harrowing. It is also a journey into that greatest of uncharted lands — wild mind — as Griffiths explores the words and meanings which shape our ideas and our experience of our own wildness. Part travelogue, part manifesto, this is a one-of-a-kind book from a one-of-a-kind author.

A brilliant and poetic exploration of the way that we experience time in our everyday lives. Why does time seem so short? How does women's time differ from men's? Why does time seem to move slowly in the countryside and quickly in cities? How do different cultures around the world see time? In *A Sideways Look at Time*, Jay Griffiths takes readers on an extraordinary tour of time as we have never seen it before. With this dazzling and defiant work, Griffiths introduces us to dimensions of time that are largely forgotten in our modern lives. She presents an infectious argument for other, more magical times, the diverse cycles of nature, of folktale or carnival, when time is unlimited and on our side. This is a book for those who suspect that there's more to time than clocks. Irresistible and provocative, *A Sideways Look at Time* could change the

way we view time-forever.

Why are so many Western children unhappy? Why has childhood become so unnatural? Why are we scared to let our kids be free? In *Kith*, Jay Griffiths seeks to discover why we deny our children the freedoms of space, time and the natural world. Visiting communities as far apart as West Papua and the Arctic, as well as the UK, and delving into history, philosophy, language and literature, she explores how children's affinity for nature is an essential and universal element of childhood. It is a journey deep into the heart of what it means to be a child, and it is central to all our experiences, young and old. 'Scintillating, passionate, supremely honest. Adults and children need more books like this.' *Literary Review* 'A subterranean book. We excavate it to refind the secrets of childhood, our own, and many other childhoods in times and places far from ours.' John Berger 'Griffiths' understanding of how it feels to be a child is extraordinary, and her writing is as vivid as poetry.' *Mail on Sunday* 'I didn't just read this book; I revelled in it. There's a rare vitality and robust energy . . . reading this book feels like playing in the woods. An unabashedly Romantic rallying cry for childhood. Playful and polemical, emotional and imaginative. As vital as play itself.' *Independent*

*Water opens* with a dark night of the soul in Seattle. Our protagonist must learn to own herself as a mystic and artist and be the change she wishes to see in the world.
